OPEN-AIR WIRELESS EARBUDS

BTOKID: OPEN-AIR WIRELESS EARBUDS

English

1, Using your BTOKID OPEN-AIR Wireless Earphones

Before use: Charge both earbuds by placing it inside the charging case and the earbuds will automatically charge once they are inserted.

STEP 1 Turn off the Bluetooth function from your music device, eg Mobile phone or music device.

STEP 2 Fully charge the earbud and case. Take out the earbuds from the charging case after they have charged, it will turn on automatically, even it is not charging. If earbuds are not powered on, press and hold the power button on the two earbuds at the same time for about 3 seconds until the blue light on earbuds start to flash. Then release.

STEP 3 Wait about 3-5 seconds for the two earbuds to connect to each other automatically. After the two earbuds are successfully paired, one earbud flashes blue and red light, the other earbud's light off, and the two earbuds will be paired successfully and prompts "connected" and the earbuds enter the waiting connection state and prompts "pairing". If the two earbuds are not pairing, both earbuds flash blue and red, place both earbuds in the charging case, then remove them and wait for 3 seconds. One earbud flashes blue and red, and the other earbud's light off and prompts "Connected", it indicates that the earbud reset is complete.

STEP 4 You can now turn on the Bluetooth function of your mobile phone. Search and select BTOKID. Wait 5 seconds. You will hear "connected", now you can use the earphones.

2, Using your BTOKID OPEN-AIR Wireless Earphones

To use your Wireless Earphones After setting them up

Turn off the bluetooth function on your phone or device and then Press the power-on button on both earbuds for 3 seconds at the same time to turn them on. Wait 3 seconds for them to connect to each other automatically. Autopair: Alternatively, if both earbuds are inside the charging case. Remove the earbuds from the case. The blue light on earbuds will turn on indicating the earbuds are awake, wait 3 seconds, and it will be ready to pair with your bluetooth device. Then turn on your bluetooth function on your device and it should automatically pair with the BTOKID earbuds.

3, Turning off the earbuds

Press and hold the both earbuds for about 3 seconds and the earbuds will be powered off (Fig.1)

4, Charging the Earphones

a) Power off the earbuds and then put both earbuds inside the Charging Case.
b) The case will charge the earbuds automatically after you put both earbuds inside the charging case. When the earbuds are charging, the red light on both earbuds are always on. Before charging the earbuds make sure the charging case is fully charged see point 5 below. Note: it will take approximately 2 hours to charge the earbuds. The Charging case will automatically stop charging when the earbuds are fully charged. When the earbuds are fully charged, the red light on both earbuds go off.

5, Case Charging

Plug the charging cable to the case. The white light on charging case flashing indicates charging, charge for minimum 2 hours. (The charging case must be fully charged in order to charge the earbuds) When charging is complete, the white light is always on.

6, Music function

When you are listening to the music, short press the button on either earbud: one for music playing, one for music pause. Double-click the left ear for the previous song, double-click the right ear for next song (fig 1).

7, Phone calls.

Picking up a phone call- short press the button on the earbud to answer the phone call and short press again to end the call. Long press (2sec) to reject the call.

Trouble Shooting

In the event that your OPEN-AIR Wireless is not connecting to your device.

- 1) Make sure both earbuds are fully charged.
- 2) The music device is not more than 5 meters away from the phone and free from interference from other bluetooth devices.
- 3) If the earbuds are on, turn them off by pressing the power button for 3 seconds, and follow steps 1 - 4 again to reconnect the earbuds and the phone.

English

If only one earphone is working

- 1) Make sure both units are properly charged
- 2) The mobile or music device is no more than 5 meters away from the buds.
- 3) Reset your ear buds by following steps 1-4.

If the volume is low

- 1) Turn up the volume on your device
- 2) Make sure the your mobile device is fully charged and within 5 meters range.
- 3) Triple-tap the left ear to decrease volume, triple-tap the right ear to increase volume (fig 1).

If earbuds are not charging or not holding a charge.

- 1) Make sure the charging case is fully charged. See point 5
- 2) Place the earbuds inside charging case and the charging case will automatically charge the earbuds. When the red lights on both earbuds are always on, it means that the earbuds are charging.
- 3) Always turn off the earbuds before putting them back in the charging case. Press the button on both earbuds for 3 seconds to power off. (Fig.1)

If after some time, the earbuds are not pairing correctly.

- 1) Delete the earbuds from your phone by going to the phone's Bluetooth settings.
- 2) Reset the earbuds by placing them inside the charging case.
- 3) Follow Step 1-4 on the first page of this manual to re-pair your earbuds to your phone device. Also it is good to check that the earbuds and charging case are fully charged.

Charging your device

Only use a power adapter with applicable country regulations and international and regional safety standards. Other power adapters may not meet applicable safety standards, and using such adapters could pose a risk of death or injury. Avoid prolonged skin contact with the charging cable and connector when the charging cable is connected to a power source because it may cause discomfort or injury. Sleeping or sitting on the charging cable connector should be avoided.

Important Safety instructions

1. Read these Instructions.
2. Keep these Instructions.
3. Heed all Warnings.
4. Follow all instructions.
5. Do not use this device near water.
6. Clean only with a dry cloth.
7. Do not block any ventilation openings. Use in accordance with the manufacturer's instructions.
8. Do not charge near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Discontinue use if damaged.
10. Protect the cord from being walked on or pinched particularly at plugs, convenience receptacles, to the point where they exit from the device.
11. Only use attachments/accessories specified by the manufacturer.
12. Unplug this apparatus during lightning storms and when charging is completed.
13. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally or has been dropped.
14. Headphones are capable of producing sound levels which can be harmful to your hearing. Do not listen at high volume for prolonged periods of time. Headphones may block out surrounding sounds. Never wear headphones while operating a vehicle. Headphones may block out surrounding sounds. Never wear headphones while operating a vehicle. Use with caution. User assumes all risks associated with the use of this product.

WARNING

- CAUTION: To prevent electric shock, use only compatible and certified USB charging devices.
- WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
- CAUTION: Use of controls or adjustments or performance of procedures other than those specified may damage your device.
- WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- WARNING: Always store in a cool dry location.
- WARNING: Headphones are capable of producing sound levels which can be harmful to your hearing.
- Do not listen at high volume for prolonged periods of time. Headphones may block out surrounding sounds. Never wear headphones while operating a vehicle. Use with caution. User assumes all risks associated with the use of this product.
- WARNING: Don't over insert into ear canal. Discontinue use at the first sign of discomfort. Only use designed pads. Do not use dirty or damaged ear pads.
- Contains small parts that may present a choking hazard. Keep away from children.

Specifications:

- Model Number: BTOKID
 - Bluetooth Version: 5.0
 - Earphone Battery capacity: 25mah+25mah=50mah
 - Case Battery capacity: 200mah
 - Power Input: DC 5V/1A
 - Protocol: A2DP/AVDTP/AVRCP/RFCOMM/HFP/HSP/SP/HD
 - Works with Bluetooth enabled devices version 6.0 and below
 - Communication system: Bluetooth Specification version 6.0
 - Operating temperature: 0°C to 40°C
 - Radio Frequency: 2.402 GHz-2.480 GHz
 - RF Output Power: 10 dBm (Max)
- Note: Playback and charge times mentioned are approximate and based on earbuds and case being fully charged, and playback at 50% volume. Playback and charge times may vary and performance may be affected by multiple factors including but not limited to battery conditions, ambient temperature, listening volume, and/or distance from the source audio device.

FCC Compliance:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
1) This device may not cause harmful interference, and
2) This device must accept any interference received, including interference that may cause undesired operation.
• 15.21 Information to user.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
• 15.105 Information to the user.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Recurrent or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions.

Manufacturer: Sentry Industries limited

⚠ Warning

- Do not use the charging cable with any power adaptor, plug, or charger that exceeds the product's specified voltage or wattage.
- Only use a "certified" power adaptor or output device rated at **5V/1A or lower**.
- Do not use any other charging cables to charge this device.
- **Do not use fast chargers to charge this device.**

⚠ Caution

- Using non-certified, higher rated, or fast chargers may damage the device, reduce its lifespan, or create safety risks.
- The provided charging cable is designed exclusively for this device. Do not charge the device with other charging cables.
- Do not use the supplied cable to charge other devices.

Do not dispose of this product in household trash. This product must be recycled through an approved program. Contains a non-removable embedded battery - Lithium-ion.

Battery chemistry: Lithium-ion
Dispose responsibly do not place in household trash.
