

SPBT2

Button and function description

Product parameters

Model number:SPBT2

*Speaker:52mm

*Rechargeable:Yes

*Output power:3W

*Bluetooth version:5.3

*Battery type:Lithium Ion

*Range:Aprox.30ft

*Playback:3HR@50% volume

*CLASS 1 LED PRODUCT

*Actual playback times may vary. Battery performance may be effected by multiple factors including but not limited to ambient temperature,listening volume,and/or distance from the source audio device.

Bluetooth Pairing / Connection

Step 1:Turn off the bluetooth function from your music device.E.g.,Mobile phone or music device.

Step 2:Long press on/off button to turn on the speaker.Bluetooth pairing mode will be activated automatically.

Step 3:Turn on the bluetooth function on your media device and Search and Select **SPBT2**. After a successful connection pairing between the speaker and your device, you will hear a chime. Now you can play music from your device.

Solutions to conventional problems

• Unsuccessful connection and pairing

1. Check whether the speaker is in the search state, or reboot
2. Too many peripheral Bluetooth devices make searching difficult, turn off other Bluetooth devices
3. Check if there is any Bluetooth device connected to this machine around, it needs to be disconnected

• Low or distorted sound

1. Please charge the battery when the voltage is low
2. Check the volume of the Bluetooth device and adjust the volume to a suitable sound level (different songs have different decoding rates and different response sound effects)
3. Reopen the Bluetooth speaker and mobile phone digital device Bluetooth connection

• Music breaks

1. Whether it exceeds the effective connection distance of the speaker, or whether there is an obstacle between the speaker and the Bluetooth device

Important Safety Instructions:

1. Read these Instructions.
2. Keep these Instructions.
3. Heed all Warnings.
4. Follow all instructions.
5. Do not use this device near water.
6. Clean only with a dry cloth.
7. Do not block any ventilation openings. Use in accordance with the manufacturer's instructions.
8. Do not charge near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Discontinue use if damaged

FCC Compliance Statement

"This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation."

FCC ID:2ACP4LSPBT2 Model #SPBT2

"NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help
- Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment."

Charging your device

Only use a power adapter with applicable country regulations and international and regional safety standards. Other power adapters may not meet applicable safety standards, and using such adapters could pose a risk of death or injury.

Avoid prolonged skin contact with the charging cable and connector when the charging cable is connected to a power source because it may cause discomfort or injury. Sleeping or sitting on the charging cable or connector should be avoided.

WARNING: To prevent possible hearing damage, do not listen at high volume levels for long periods. For traffic safety, do not use earphones while driving or cycling.

If you have a pacemaker or other electrical medical devices, you should consult your physician before using the product.

Choking hazard : The product, packaging and some of the included accessories may present a choking hazard to small children. Keep these accessories away from small children. The bags themselves or the many small parts they contain may cause choking if ingested.

Danger : Improper battery replacement may cause an explosion and injury.
