

**“Ready to start?
Here are few tips
to get you going.”**

Vi

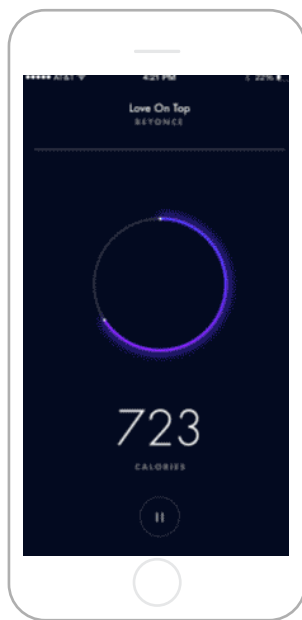

quickstart guide

1.

**“Put me on, then power
me up! I’m fully charged!”**

2.

**“Download my app
so we can connect.”**

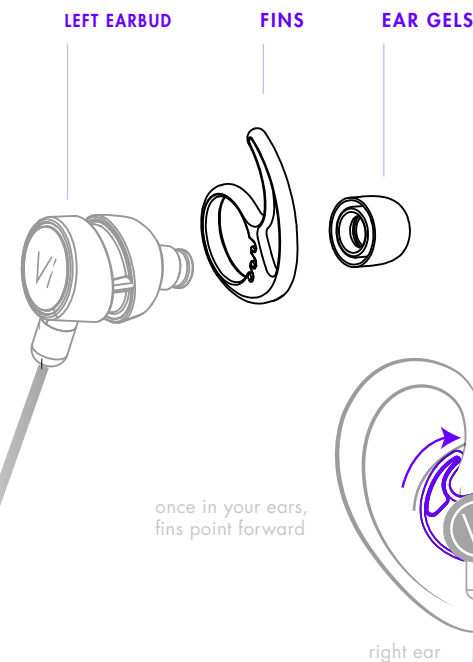

I come with an iOS & Android app for use both during and after training. During a workout, use the app to get progress feedback in quick, glance-friendly screens. Outside of workouts, use the app to set your training plans, review progress, and customize me.

3.

**“Find your perfect fit by
trying out different fin
and ear gel sizes.”**

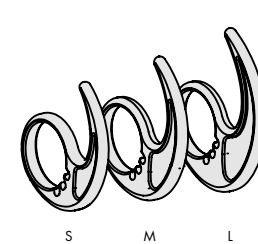

Each ear is unique, so you may have to mix and match different sizes until you find the most comfortable fit. It’s OK if one ear wears a different size from the other!

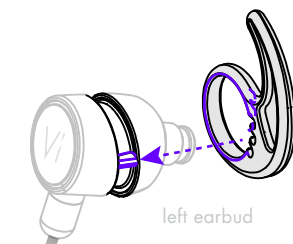

4.

“How to perfect your fit:”

STEP 1: FINS

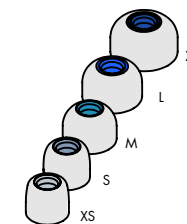

1. PICK YOUR FIN SIZE

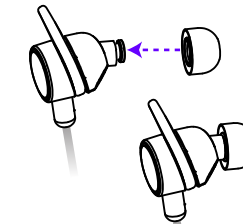

2. SNAP THE FIN ONTO THE EARBUD

Select one of the three prongs on the fin and clip it to the earbud. Start with the middle prong and adjust to your own fit.

STEP 2: EAR GELS

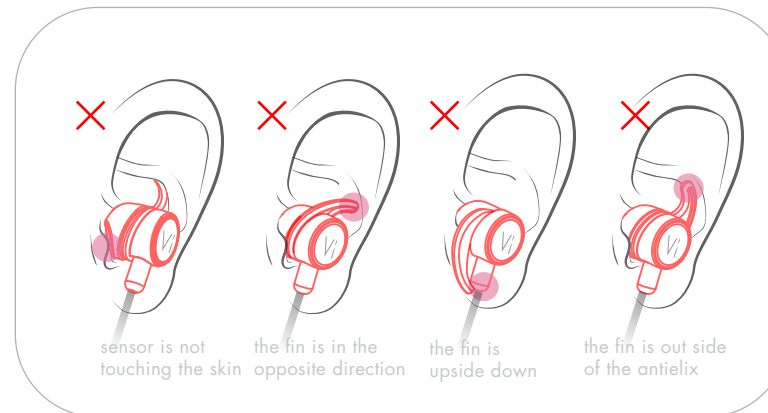

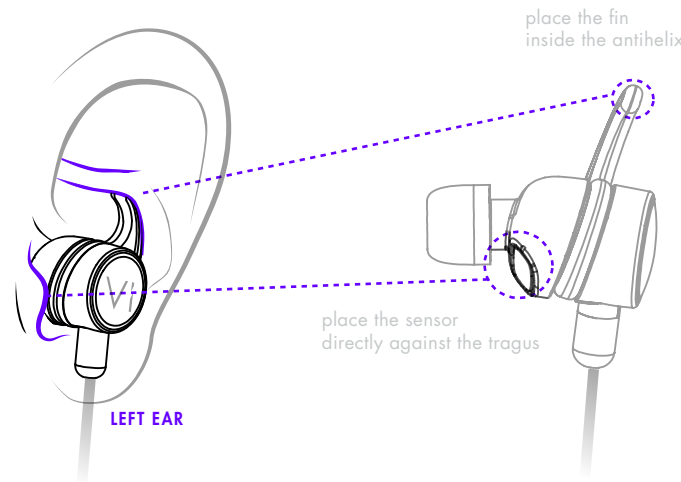

1. PICK YOUR EAR GEL SIZE

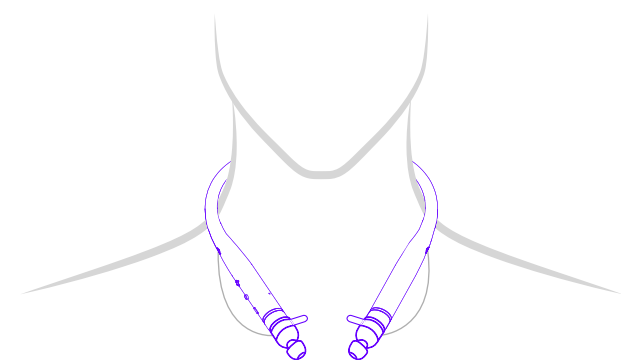

2. SNAP EAR GEL ONTO TIP

5.

**“How to properly wear me
for accurate sensing:”**

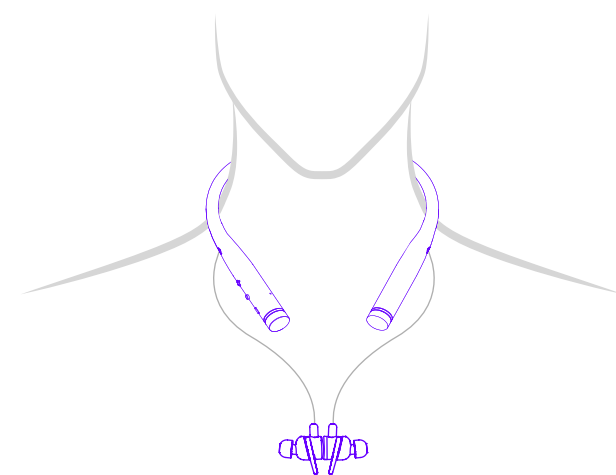

6.

STORE ON COLLAR

“I’m designed for you to comfortably wear or carry all day.”

7.

WEAR LIKE A PENDANT

CARRY IN POUCH

“Use the cable clips to adjust cable length for comfort and appearance.”

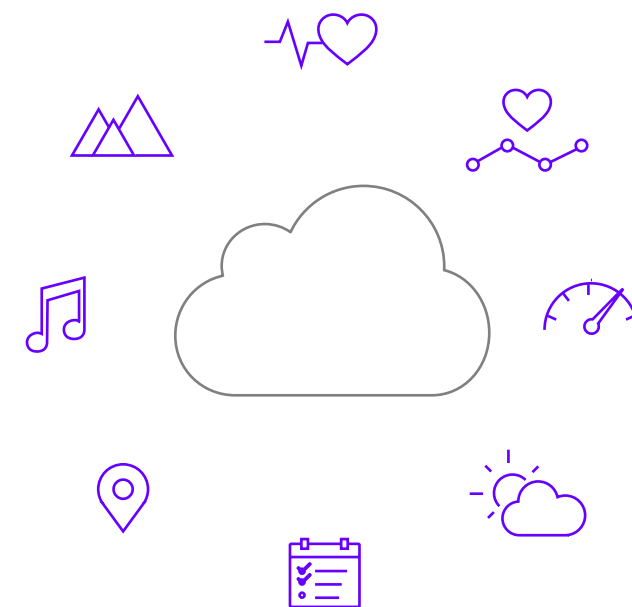

look for markings on clips, which indicate left and right sides

8.

“I’m ready for future updates!”

Vi's hardware has extra battery and sensing power to support years of software upgrades.

“As you grow and get stronger, so do I! I’ll get to know you and push you to your full potential.”

9.

“Visit my website for more info.”
