CONSUMER INFORMATION

Safety Precautions: Parental guidance is required. Bluebee Pals are not intended for children under 3 years. It is not recommended to operate the toy on a bed. Make sure the power is off when not in use. Dispose of the packaging safely before giving the toy to your child. Bluebee Pals are designed for indoor use only.

Avoid operation under direct sunlight or in hot, humid or dusty places. Keep toy away from heating appliances and sources of electrical noise such as fluorescent lamps and motors. Do not immerse in water, do not play around water as it is a hazard and may cause electric shock.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. any use of such marks by Kayle Concepts LLC. is under license. Other trademarks and trade names are those of their respective owners.

CAUTION WHEN CHARGING BATTERY

Your Bluebee Pals is equipped with a built in Lithium Polymer battery. The recharge process should always be handled by an adult.

Note: Your BluebeePals will not operate while charging.

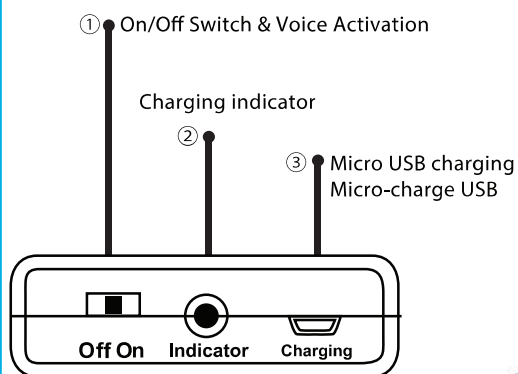

Congratulations on your Bluebee Pals Purchase. We are excited to launch a new revolutionary plush companion. Bluebee Pals are Bluetooth Enabled Interactive Plush Toys that connect to any App with Bluetooth enabled devices such as cell phones, tablets, lap tops or desk top computers.

A huggable plush toy that sings, reads and answer phone calls. Our advanced technology includes lip synchronization allowing the animal's "mouth and head" to move while singing, reading your favorite storybooks or engaging in learning apps. Surprise and entertain your family and friends with a phone call connected to a Bluebee Pals.

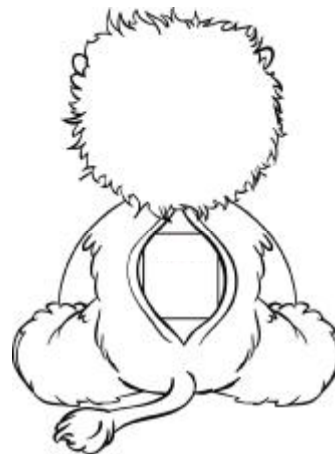

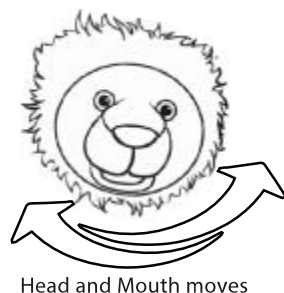

We recommend reading our instructions and watching our video at www.bluebeepals.com for easy set-up instruction.

Function buttons

- ① Power Switch ON/Off Switch
- ② Charging Indicator-Red Charging/Blue Fully Charged
- ③ Micro USB charging jack.
- ④ Left Ear Press Call Answer/Hang Up Button

Back Panel

Call answer button

Pairing Bluebee Pals with your Bluetooth Device

- Keep Bluebee Pals and your device within 3ft when pairing.
- Power on - Open the back panel of Bluebee Pals and slide the power switch ① to ON position. Your Bluebee will say "My name is Bluebee. Please pair and connect me using the Bluetooth located on your device".
- Go to "Settings" on your device, turn on the Bluetooth function and search for "Bluebee Pals".
- Select Bluebee Pals to complete the connection.
- If pairing is successful, your Bluebee will say "Connection successful now connect me with the Bluebee Pal App or one of your favorite apps."
- If Bluebee cannot find a device in two minutes, it will say "No one is here, please try again." Please check your device and make sure it is not connecting to other Bluetooth equipment.
- Bluebee Pals can only connect with one device at a time.
- Bluebee will go to sleep mode if no signal for five minutes. Just turn the power OFF and ON again, and repeat the connection.
- Bluebee remembers the last connected device and will reconnect automatically.

Answer a Phone Call

You can talk to your child or friends through the Bluebee Pals by calling a cell phone paired with them. When there is an incoming call, your ring-tone will sound from Bluebee Pals (this function may vary in different brands of cell phones).

- Press the call button ④ once to answer the call.
- To end the call, simply press the connect/pairing button ④.
- You can make a phone call by your mobile as you normally do.
- You can redial the last number by double pressing button ④.

You can adjust the volume from your cell phone as you would normally do.

Recharge your Bluebee Pals

Bluebee Pals will remind you to recharge it when the battery is low. It will say "Please charge my battery." Plug the USB cable (supplied) to the Micro USB charging jack ③ and connect to your PC for charging. You may also use a USB wall adapter (not included) to charge directly from any household wall outlet. Charging indicator ② is red when Bluebee Pals during charging. It turns to blue when the battery is fully charged and gives hours of operation.

Remarks

- Specific pairing steps may vary for different devices. Please refer to the instruction of your device for further information.
- Operation range of Bluebee Pals is 25ft. from the Bluetooth device in an open area.
- Control the sound volume from your Bluetooth device as you would normally do.
- Your Bluebee Pals will not operate while charging.

Recommendations

FCC NOTE: U.S. ONLY

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1) This device may not cause harmful interference, and
- 2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna • Increase the separation between the equipment and receiver • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected • Consult the dealer or an experienced radio/TV technician for help.

The User can find the FCC label on the charging box inside the back of pocket of the plush.
