Warning

Use the supplied USB cable to charge your robots by connecting to only UL and CSA certified power sources under adult supervision. Always follow use and charging instructions to avoid injury, fire risk or damage. Never use a power source that is damaged.

Avertissement

Utilisez le câble USB fourni pour charger vos robots en se connectant à seulement des sources d'électricité UL et certifiées CSA sous la surveillance d'un adulte. Suivez toujours les consignes d'utilisation et de chargement afin d'éviter les risques d'incendie, ou de blessures potentiels. Ne jamais utilisez une prise électrique endommagée.

On an island far away...

The background is a light beige, textured surface. In the center is a teal-colored rectangular piece of paper with deckled edges. On this paper is the Wonder Workshop logo, which consists of a stylized 'w' with two dots above it, followed by the word 'wonder' in a lowercase sans-serif font, and 'workshop' in a smaller lowercase sans-serif font below it. Surrounding the central paper are several blue, rounded, ball-like objects. One is in the top left, one in the bottom left, and one in the bottom right. These objects have white circular features and small orange or black details, resembling stylized planets or toys.
