

Solder Board-Component View 6	 A photograph showing a small, rectangular green component with gold-colored solder pads on its edges. The component is positioned on a blue textured surface. A black L-shaped ruler with white markings is placed next to it for scale. The vertical ruler shows markings from 10 to 100, and the horizontal ruler shows markings from 10 to 100 mm.
Solder Board-Component View 7	 A photograph showing a larger, rectangular black component with gold-colored solder pads on its edges. The component is positioned on a blue textured surface. A black L-shaped ruler with white markings is placed next to it for scale. The vertical ruler shows markings from 10 to 100, and the horizontal ruler shows markings from 10 to 100 mm.

Solder Board-Component View 8	 A photograph showing a small, dark, rectangular component with a grid of solder points, placed on a blue textured surface. A black ruler with white markings is positioned vertically and horizontally next to the component for scale. The vertical ruler shows markings from 10 to 100 mm, and the horizontal ruler shows markings from 10 to 100 mm.
Solder Board-Component View 9	 A photograph showing a small, green, rectangular component with a grid of solder points, placed on a blue textured surface. A black ruler with white markings is positioned vertically and horizontally next to the component for scale. The vertical ruler shows markings from 10 to 100 mm, and the horizontal ruler shows markings from 10 to 100 mm.

Solder Board-Component View 10	 A photograph showing a small green printed circuit board (PCB) component with four gold-colored solder pads. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10 mm and 60 mm marks.
Antenna View 1	 A photograph showing a ZillionSense ZS-300 L GPS module and its antenna. The module is a black rectangular device with a silver antenna attached. It is placed on a blue textured surface next to a black ruler with white markings. A red box highlights the antenna, and a red line points to it from a label "GPS Ant" above. Two black cables are also visible next to the module. The ruler shows measurements in millimeters, with the module positioned between the 10 mm and 100 mm marks.
