

3-Axis Gimbal Camera

E30Z

QUICK START GUIDE V1.0

YUNEEC

Introduction and Overview

- 01 Connection Pin
- 02 Damping Plate
- 03 LED Status Indicator
- 04 Camera
- 05 Camera Lens

- 06 Micro SD Port
- 07 5GHz Antenna

Specifications

General

Product: 3-Axis Gimbal Camera
Model Name: E30Z
Dimensions: 5.8X4.2X5.7 inch (148.4X105.6X144.8mm)
Weight: 21.0oz (595g)

Gimbal

Number of Axis: 3
Control Angle Accuracy: $\pm 0.02^\circ$
Maximum Control Range (Tilt):
- Angle Mode: Between 0° and -90°
- Velocity Mode: Between 30° and -120°
Maximum Control Range (Pan): 360° limitless
Maximum Control Speed:
- Tilt: $50^\circ/\text{s}$
- Pan: $50^\circ/\text{s}$
Transmission System: 5.2GHz--5.8GHz

Camera

Sensor: 1/2.8" CMOS
Effective Pixels: 2.13MP
Lens: F1.6(Wide)-F4.7(Tele)
FOV: 63.7° (Wide)- 2.3° (Tele)
Operation Modes: Capture, Record
Photo Formats: JPG
Video Storage Formats: MP4
Video Resolution: 1080P 60/50/30/25fps
Photo Resolution: 16:9 1920X1080
Exposure Mode: Auto, Manual,
Shutter Priority, Aperture Priority
Exposure Values: ± 3
ISO: 100-6400
Electronic Shutter: 1/30S----1/6000S
Metering Mode: Spot Metering,
Average Metering
Photography Mode: Single, Time Lapse
White Balance: Auto, Manual (2000-10000K)
Zoom: 30x Optical Zoom; 6x Digital Zoom

Gimbal Installation

Assembling

Step 1.

Find the arrow printed on the top of the damping plate, which indicates the correct direction for installation.

Step 2.

Slide the E30Z in the indicated direction all the way into the mounting slot, until the E30Z is secured by the locking clip.

Step 3.

Remove the lens protector.

Step 4.

Insert the Micro SD card.

Disassembling

Step 1.

Find the locking clip which is located in front of the mounting slot.

Step 2.

Press and hold the locking clip and push the E30Z forward (the direction shown by the arrow).

Binding the E30Z and H520

Step 1.

Switch on the ST16S followed by the aircraft.

Step 2.

Ensure no Wifi is connected to the ST-16S remote controller, then tap [] on the top right corner on the main interface of ST16S.

Step 3.

Tap the SSID of the E30Z when the following window pops up. If multiple Yuneec UAS are used, check the ID number on damping plate to assure correct camera selection/binding.

Step 4.

Use the password “1234567890” , authorize the camera and tap "OK" to confirm.

NOTICE

If the connection process is delayed, close the pop up window and then repeat the above steps.

Zoom

Zoom in

Press and hold the zoom in button to increase the optical zoom. When increasing to 30X optical zoom, if press the zoom in button again, the camera begins to increase digital zoom. The digital zoom can increase to 6X at the most.

Zoom out

Press and hold the zoom out button to decrease the optical zoom. When decreasing to 1X digital zoom, if press the zoom out button again, the camera begins to decrease optical zoom.

One Key to 1x Image

Tap the [1.0X] on the screen you can return the camera to 1X zoom

NOTICE

- 1 Make sure that the firmware of the gimbal has been updated to the latest version.
- 2 For the latest product information, please check our official website: www.yuneec.com.

WARNING

Do not expose the lens of E30Z gimbal camera to extreme light sources!
Do not operate the E30Z gimbal camera in the rain or in environments with high humidity!
Do not touch or move the E30Z gimbal camera until the initialization process has been completed!
Do not try to repair the E30Z gimbal camera by yourself! Repairs must go to an authorized service center.

The following special terms are used throughout the product literature to indicate various levels of potential harm when operating this product:

NOTICE Procedures, which if not properly followed, create a possibility of property damage and/or little to no possibility of injury.

CAUTION Procedures, which if not properly followed, create the probability of property damage and/or a possibility of serious injury.

WARNING Procedures, which if not properly followed, create the probability of property damage, collateral damage and/or serious injury or create a high probability of superficial injury.

WARNING

Read the ENTIRE instruction manual to become familiar with the features of the product before operating.
Do not use with incompatible components or alter this product in any way outside of the instructions provided byYuneec.
Failure to use this product in the intended manner as described in instruction manual can result in damage to the product, property and/or cause serious injury. This product is not a toy!

Collection and Processing of Data

We may also collect Depth Map information and Infrared Image information from your drone delivered to our service center for repair and maintenance service or any other service.
We may also collect personal information used in registration if you choose to become a registered user and any other information user provided to Yuneec. We may also collect information which user send to other users, and the recipients and senders of such information.
such disclosure is needed to comply with applicable laws, for example in response to a court order, judicial

subpoena, warrant or request from government, or otherwise cooperating with government agencies or law enforcement.

We also reserve the right to disclose your information that we believe in good faith is necessary or appropriate to: (i) protect ourselves or others from fraudulent, unlawful, or abusive activities; (ii) take precautions against potential liability; (iii) protect the security of the Yuneec Apps embedded into or downloaded onto your drone or any associated equipment and services; (iv) protect the legal rights of ourselves or any others.

Any information we collected maybe disclosed or transferred to an acquirer, successor or assignee as part of any potential merger, acquisition, debt financing or other activities that involves transfer of business assets.

We may make the aggregated non-personal information of the users available to third parties for various purposes, including (i) complying with various report obligations; (ii) marketing efforts; (iii) analyzing product safety; (iv) understanding and analyzing our users' interests, habits, usage pattern for certain functionalities, services, content, etc.

Disclaimer

Yuneec International (China) Co., Ltd. cannot be held liable for any damage, injury or for use of the product in violation with legal regulations, especially in the following circumstances: Damage and/or injury as well violation of legal regulations resulting from a failure to comply with the operating instructions or the instructions at www.yuneec.com, product information, user manual and other legally binding information.

Damage and/or injury as well violation of legal regulations brought about by the influence of alcohol, drugs, medication or other narcotics which may impact on the concentration of the user.

The same applies to illnesses effecting the concentration of the user(dizziness, tiredness, nausea etc.) or other Ofactors compromising mental and physical capabilities.

Intentionally caused damage, injury or violation of legal regulations.

Any request for compensation caused by an accident resulting from use of the product.

Damage and/or injury as well as violation of legal regulations caused by use of the product in a no-fly zone, e.g.next to an airfield, above a motorway or a natural conservation area.

Malfunction of the product caused by retrofitting or replacement with components which did not come from Yuneec.

Damage and/or injury caused by the use of replica parts (non-original parts).

Damage and/or injury as well as violation of legal regulations caused by incorrect operation or misjudgement.

Damage and/or injury caused by damaged spare parts or not using original Yuneec spare parts.

Damage and/or injury as well as violation of legal regulations caused by ignoring the low voltage battery warning.

Damage and/or injury as well as violation of legal regulations caused by operating the model in a magnetic field (e.g. high voltage lines, electricity/ transformer stations, radio towers, mobile phone masts etc.) a strong wireless

signal environment, no-fly zones, poor visibility and in the event of vision impairments or other impacts on the pilot which are left unchecked etc.

Damage and/or injury brought about through a violation of the legal regulations for operating the model, in unsuitable weather conditions, e.g. rain, wind, snow, hail, storms, hurricanes etc.

Damage and/or injury as well as violation of legal regulations caused by force majeure, e.g. collision, fire, explosion, flooding, tsunami, landslide, avalanche, earthquake or other forces of nature.

Damage and/or injury as well as violation of legal regulations caused by the illegal or immoral use of the model, e.g. capturing videos or recording data which infringes upon/harms the privacy of other people.

Damage and/or injury as well as violation of legal regulations caused by incorrect use of the batteries, protection systems, chargers or aircraft.

Consequential damage caused by the incorrect operation of any kind of system components and accessory parts, especially memory cards, whereby image or video material from the camera can become defect.

Any non-compliance with legal obligations, personal injury, material damage and environmental damage caused by use and a failure to comply with the local laws and regulations.

Damage and/or injury as well as violation of legal regulations caused by hazardous use without sufficient practical experience.

Damage and/or injury as well as violation of legal regulations caused by flying in legally defined no-fly zones.

Further losses which do not fall within the scope of use defined by Yuneec as improper.

This product is designed for both professional use and personal, private use. The national and international laws and regulations in force at the time of taking off must be adhered to.

Regulation Information

FCC Statement

This equipment has been tested and found to comply with the limits for Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: THE GRANTEE IS NOT RESPONSIBLE FOR ANY CHANGES OR MODIFICATIONS NOT EXPRESSLY APPROVED BY THE PARTY RESPONSIBLE FOR COMPLIANCE. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

RF Exposure Warning

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

IC Radiation Exposure Statement for Canada

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limit set forth for an uncontrolled environment. Cet équipement respecte les limites d'exposition aux rayonnements IC définies pour un environnement non contrôlé.

CE Warning Statement

This device meets the EU requirements on the limitation of the general public to electromagnetic fields by way of health protection.

EU Operation Frequency (The Maximum Transmitted Power)

5G Wifi: 5560-5580MHz (27dBm), 5680-5700MHz (27dBm)

EU Compliance Statement

Hereby, Yuneec International (China) Co., Ltd. declares that this device is in compliance with the essential requirements and other relevant provisions of the RED Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available at the following internet address: www.yuneec.com.

Please visit the address above and enter into corresponding product page.
