Declaration of Similarity

Dear Sir or Madame,

We, **LifeScan** hereby declare that for our product models OneTouch Verio Flex (FCC: 2ACT5-Z03, IC ID: 12202A-Z03, HVIN: ZH) and OneTouch SP Flex Plus Flex(FCC: 2ACT5-G03) have exactly the same Bluetooth IC (TI CC2340R2), RF circuitry layout and antenna.

The differences between the models are in the colour of the plastic housing (white for Verio Flex and black for Select Plus Flex), keypad colour to match the plastic housings, the analogue circuit for bgm measurement and the strip port connector. Therefore the antenna gain report for Verio Flex is valid for SP Flex.

We confirm that all information above is true, and we'll be responsible for all the consequences. Please contact me if you have any question.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian J Guthrie", written over a horizontal line.

(Signed)

Name/Title: Brian J Guthrie CEng (MIET) / Senior Principal Engineer
