Justification Letter regarding Antenna Gain Information

Date: September 18, 2026

To: Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046-1609

To Whom It May Concern:

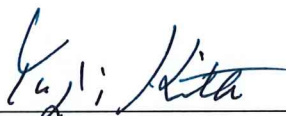

Antenna information is included in the Operational Description submitted under FCC ID: 2ACUJR4275. Since compliance with the applicable FCC limits for both fundamental and spurious emissions was demonstrated using radiated measurements only, separate antenna data was not included as the test report category. Please refer to the submitted test report and the Operational Description for further details.

Sincerely,

Signature:
