

Change Statement

testo Saveris 2 product use GT202 Wifi module. This module can support both internal PCB antenna and also external antenna through IPEX connector. In original design, our company use internal PCB antenna, now change to use external antenna through IPEX connector. Antenna type is 2.4G copper tube antenna-1.13 grey - IPEX -L55MM. Manufacturer is Shenzhen FLY Electronic Co., Ltd. Here we confirm that no any change in other design.
