

ST005 SportIQ Smart Tag installation

The ST005 SportIQ Smart Tag will be only installed into non-metallic products, for example a basketball or other sports equipment.

Installation of the SportIQ Smart Tag is controlled by SportIQ.

The host, for example a basketball, will itself be labelled with: Contains FCC ID: 2ACY5ST5.

Example of a mount, which is installed into a non-metallic product, such as a basketball.
