

Important Information

Software License Agreement

Use of Highfive is subject to the end-user license terms found online at www.highfive.com/legal.

Important Safety Instructions

WARNING: Failure to follow these safety instructions could result in fire, electric shock, or other injury or damage.

This apparatus has no on/off switch. To disconnect this apparatus from power, you must disconnect the power cord. Make sure the power cord is always easily accessible.

For detailed operating instructions, including any updates to safety and regulatory information, visit <http://success.highfive.com>

Read and follow these instructions to use Highfive safely.

- Do not use this apparatus near water.
- Clean only with a dry cloth.
- Do not install near any heat source such as a radiator, fireplace, stove, or other apparatus (including amplifiers) that produce excessive heat.
- Protect the power cord from being walked on or pinched, particularly at plugs and at the point where it exits from the apparatus.
- Only use attachments/accessories specified by the manufacturer. Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as when the power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, or the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- Do not place open flame sources, such as lighted candles, on or near the apparatus.

WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain, liquid, moisture, excessive heat, prolonged direct sunlight, or open flame.

- The power cord included with this apparatus is for indoor use only.
- Do not move the apparatus if another device such as a TV, computer, or other electronic device is connected to it.
- Do not expose the apparatus to dripping or splashing.

Regulatory Compliance Information

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

No changes shall be made to the equipment without the manufacturer's permission as this may void the user's authority to operate the equipment.

Responsible party (contact for FCC matters only):

Highfive, Inc.
Attn: FCC Liaison
500 Arguello Street Suite 300
Redwood City, CA 94063
USA

Wireless Radio Use

This device is restricted to indoor use and operates on the 2.4GHz frequency band when used in wireless mode.

Exposure to Radio Frequency Energy

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transceiver must not be co-located or operating in conjunction with any other antenna or transmitter. In accordance with FCC requirements of human exposure to radio frequency fields, the radiating element shall be installed such that a minimum separation distance of 20cm (8in) is maintained from all persons.

Industry Canada (IC) Statement

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Disposal and Recycling Information

All Highfive packaging materials may be recycled.

When Highfive is no longer needed, its inner plastic and outer metal housing may be recycled. Please check with local resources for information on how to properly dispose of the components of your Highfive device.

RoHS

The Highfive unit is 100% RoHS compliant, and therefore free of the following hazardous materials: lead (Pb), mercury(Hg), cadmium (Cd), hexavalent chromium (CrVI), polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE).
