What's in the box

Technical information

Power: 5w

Codec: AAC, SBC, aptX, AAC, aptX

Rechargeable Lithium Battery 3600mAh, 3 Hours of time without full charge (50%)

#101 optional

Push to talk function (wake table)

100% full charge, 24H continuous playback effect

100% Function (Push to Talk Call)

NET: 1440mAh/3.7V/5.31Wh

NET weight: 260g/9.24oz/3.77lb/9.17oz

Product introduction

LED indicator

LED indicator	Function	Color	Time
Red	Power on	Red	1s
Blue	Bluetooth connection	Blue	1s
Green	Charging	Green	1s
Yellow	Low battery	Yellow	1s
White	Full charge	White	1s

AUX-IN

1. Plug in the cable into the AUX-IN port.

2. Press the power button to play the music.

Hands-free

1. Press the power button to play the music.

2. Press the power button to play the music.

Call

1. Press the power button to play the music.

2. Press the power button to play the music.

Receiving Call

1. Press the power button to play the music.

2. Press the power button to play the music.

These limits are designed to provide reasonable protection against harmful interference to a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off, the user is encouraged to take the following corrective measures: 1. Reorient or relocate the receiving antenna. 2. Increase the distance between the equipment and the receiver. 3. Connect the equipment to a different power outlet. 4. Consult the dealer or an experienced radio/TV technician for help. Caution: Any changes or modifications to this device not explicitly approved by the manufacturer could void your authority to operate this equipment. This device complies with part 15 of FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. © 2018 LEY Audio Co., Ltd.

RF Exposure and Product Safety Instructions for Portable Walkie Talkie Radios General Populated and Uncontrolled Environments.

ATTENTION:

Before using this radio, refer to the important operating instructions for safe usage and RF energy awareness and control for compliance with applicable Standards and Regulations.

Compliance with RF Exposure Standards

Your Walkie Talkie radio complies with the following RF energy exposure standard and guidelines:

- United States Federal Communications Commission, Code of Federal Regulations; 47 CFR et seq. & FCC.
- Institute of Electrical and Electronic Engineers (IEEE) C95.1.
- International Commission on Non-Ionizing Radiation Protection (ICNIRP).

Transmit and Receive Procedure

Your Walkie Talkie radio contains a transmitter and a receiver. To control your exposure and ensure compliance with the general population/uncontrolled environment exposure limits, always adhere to the following procedure:

- Transmit no more than 50% of the time.
- To receive calls, release the PTT button.
- To transmit (talk), press the Push-to-Talk (PTT) button in front of the face.
- Hold the radio in a vertical position with the microphone (and other parts of the radio including the antenna) at least one inch (2.5 centimeters) away from the nose or lips.

Keeping the radio at a proper distance is important to ensure compliance.

Note: RF exposure decreases with increasing distance from the antenna.

Body Worn Operation. When worn on the body, please use other accessory provide in user manual, case or body harness for this product.

Walkie Talkie radio Operation

Use only application-approved supplied or replacement antennas, batteries, and audio accessories. Use of non-application-approved antennas, batteries, and wired or wireless accessories may exceed the applicable RF exposure guidelines (IEEE, ICNIRP or FCC).
