

PORTS

IMPORTANT SAFETY INSTRUCTIONS

1. The product (including relevant accessories), DO NOT expose under direct sunlight over a long period of time.
2. Operating temperature between 0-50 °C.
3. Install the product according to the instruction against hazard to your body due to fall over.
4. Pay attention to the cables between equipments against stumble hazard.
5. The product is not a toy, please keep it away from Kids.
6. Use only the standard USB ports certified according to IEC60950-1 as Limited power source.
7. Product with Lithium batteries, please keep far away excessive heat such as direct sunshine, fire, heatsink or the like.
8. No user replace parts inside the product.
9. Don't open the enclosure in case of electric shock hazard.
10. Don't use wet hands to handle the product.
11. Clean the product with a soft, dry cloth only.
12. Unplug the DC power if smoke, abnormal sound, abnormal smell, excessive heat or fire occur.
13. Any abnormal phenomenon, please inform your local importer or local after sales service office.
14. Once the product out of service, please handle the waste according to the local regulations.

IMPORTANT SAFETY INSTRUCTIONS

Additional Warning for Battery (pack)

1. Lithium-ion batteries used in the product may expose fire or explosion hazards if misuse.
2. Batteries shall not be exposed to excessive heat or fire in case of explosion.
3. Don't handle leaking or damaged batteries.
4. Dispose of used batteries according to local regulation correctly.

WARRANTY
This appliance is guaranteed for 24 months from the date of purchase. In the event of a breakdown, contact your dealer. Proof of purchase will be required for any service requested during the warranty period. This warranty will not apply in the event of failure caused by an accident or similar incident or damage, liquid ingress, negligence, misuse, lack of maintenance or any other circumstances on the part of the user.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

UB+ hereby declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU and all other EU directive requirements. The complete declaration of conformity can be found at: www.ub-plus.com compliance
