

INTERNAL PHOTOS TAG-M50X

- FCC ID: 2AD7T11124102301
- IC: 20330-11124102301

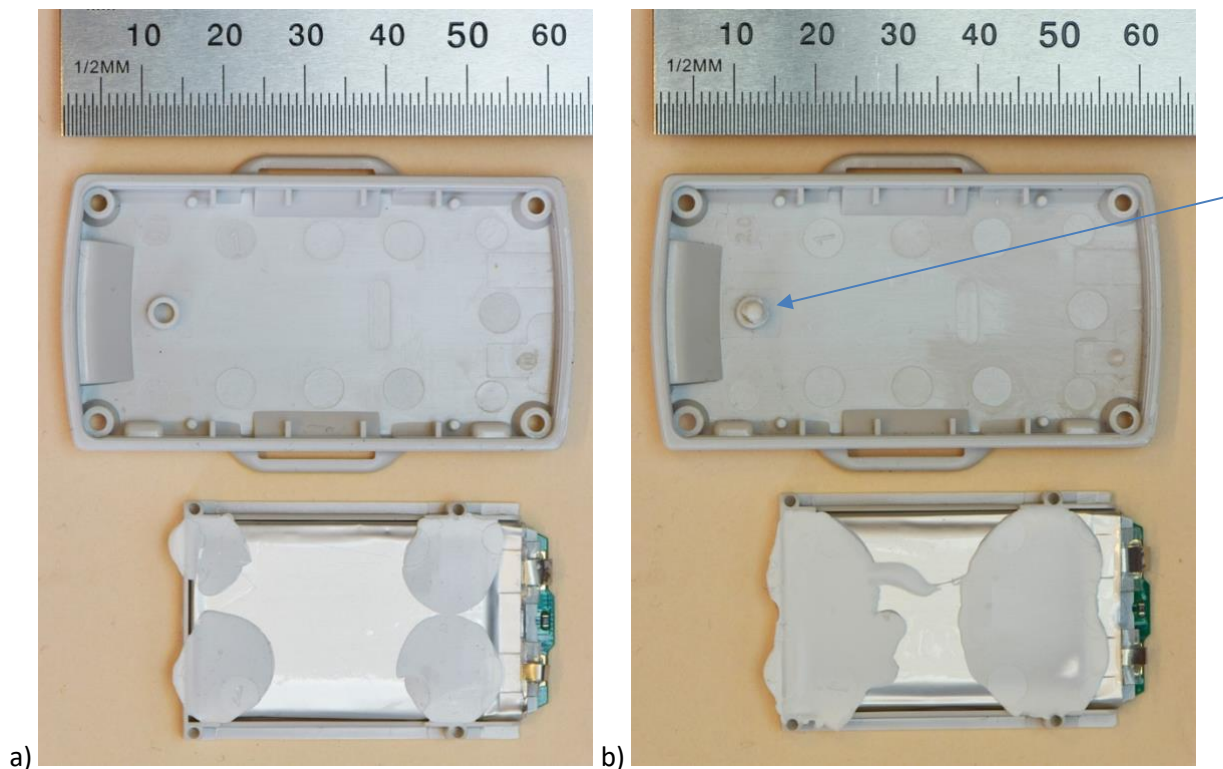

Figure 1: a) Photo of base of Tag-M500/Tag-M501 and b) of Tag-M503. In both photos, the sub-assembly containing a thin-film battery has been torn from the housing and flipped to show how it is attached to the housing using an adhesive. A tamper pin (arrow) is seen for Tag-M503.

Figure 2: The inside of the top of Tag-M503 (upper part of the photo) and the base (lower part of the photo). The sub-assembly containing a thin-film battery is placed inside the housing of the base.

Figure 3: The inside of the top of the tag with the PBA lifted out and flipped.
