

Regulatory Compliance

C-V2X OBU

IMPORTANT NOTE: FCC RF exposure statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End-users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must be at least 20 cm from the user and must not be co-located or operating in conjunction with any other antenna or transmitter.

The FCC ID of the product is: 2AD9I9310039CV2XOBU.

OBU firmware prevents the end user from adjusting power or channel settings that could result in a violation of FCC rules.

The end user is warned that any un-authorized adjustment to OBU firmware could result in a violation of FCC rules. Firmware updated may only be performed by or under the immediate supervision and responsibility of a person certified as technically qualified to perform transmitter maintenance by Danlaw, Inc.

Any modifications made to this product, including the use of unauthorized antennas could result in violation of the FCC regulations and is strictly prohibited.

This product is operated under FCC license, please contact Danlaw, Inc. regarding all licensing requirements to ensure ongoing regulatory compliance during use.
