RF remote controller:
The remote can control one RF battery to activate at the same time
Press "ON" button holding for 3 seconds to activate in 2 meters
Press "ON" button to select output setting and to power off
4 level Output Settings 25%-50%-75%-100%
1 light ON=25% output (during discharging)
4 lights ON=100% highest setting
Press "OFF" button to power off directly

CAUTION:
1. Burn hazard, fire hazard and explosion hazard associated with mishandling of the battery
2. To avoid possible hazards, do not crush, disassemble, dispose of in fire, or similar actions
3. Risk of Fire and Burns. Do Not Open, Crush, Heat Above 65°C
4. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

*This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.*

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.
