

The image shows the back panel of a white and blue electronic device. A blue rectangular label with the text "Product Label" is centered on the panel. To the left of the label is a D-sub connector with a white cable plugged into it. To the right of the label is a power input jack with a black power cord plugged into it. Below the power jack is a power switch. At the bottom center, there is an RJ45 port with a black Ethernet cable plugged into it. The device is resting on a blue surface.
