

Discover a new way of driving

The Freeplay In-Car Smart Charger is your ultimate travel companion. Using the latest in voice-activated technology, you can now tap into Alexa skills without ever taking your hands off the wheel, or your eyes off the road.

The Freeplay includes a built-in microphone so you can take and answer calls with just your voice, as well as dual USB ports for charging up to two devices at a time. We have also included a quick-charge* port, which means you could be fully powered in just a short 35 minute trip in your car.

*compatible with Qualcomm 3.0 enabled devices

Add **Alexa** to your car

How does the Freeplay work?

Powered by your car's built-in 12 V port, the **Freeplay** is a simple way to control your music, listen to **Amazon music** and **TuneIn radio**, make and answer calls, and get directions using GPS.

1 Connect the Freeplay to your phone using **Bluetooth***

2 Connect your phone to your car stereo either through **Bluetooth** or **AUX** connection.

3 Finally, quickly **download** the **KS Freeplay App*** and you will be ready to talk to **Alexa** from your car!

*Charges may apply, please consult your provider for more information.
