

Product Service

5240 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.459
-----------------------------------	-------

Product Service

Frequency Band 2

5260 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.645
-----------------------------------	-------

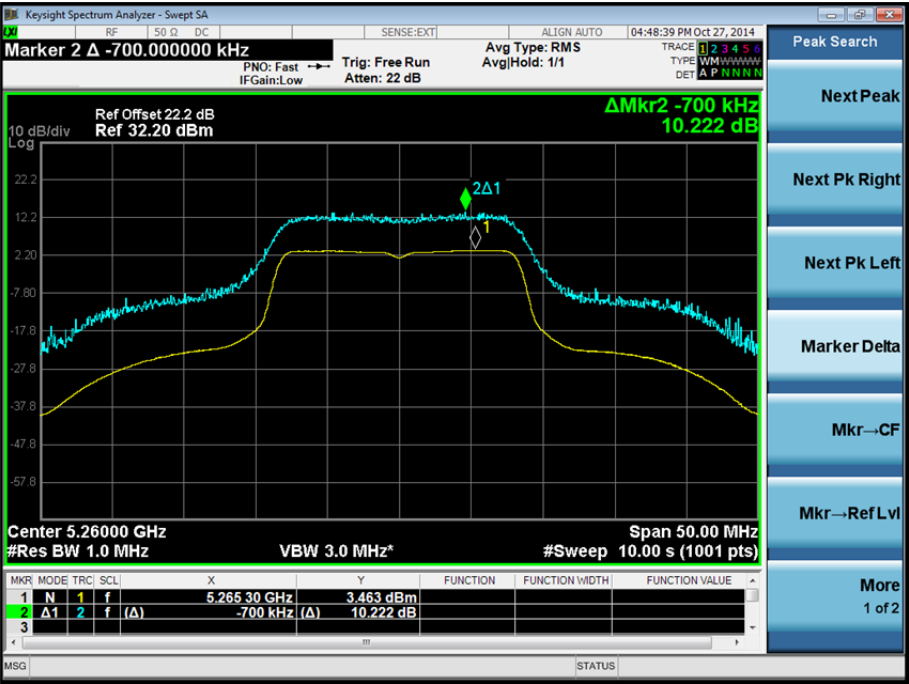

Product Service

Modulation: QPSK

Peak Power Spectral Density (dBm)	3.463
-----------------------------------	-------

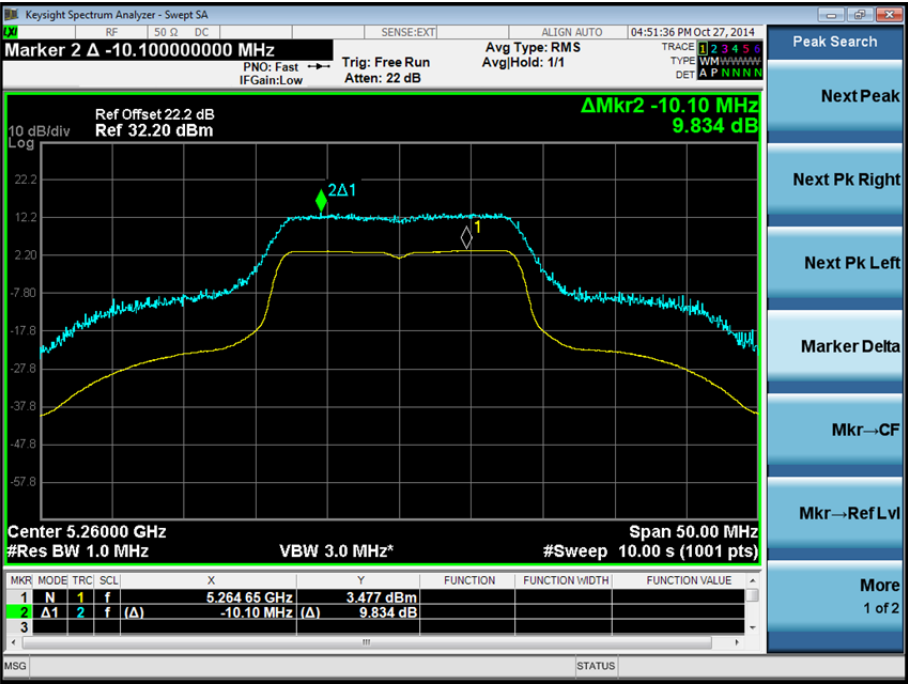

Product Service

Modulation: 16-QAM

Peak Power Spectral Density (dBm)	3.477
-----------------------------------	-------

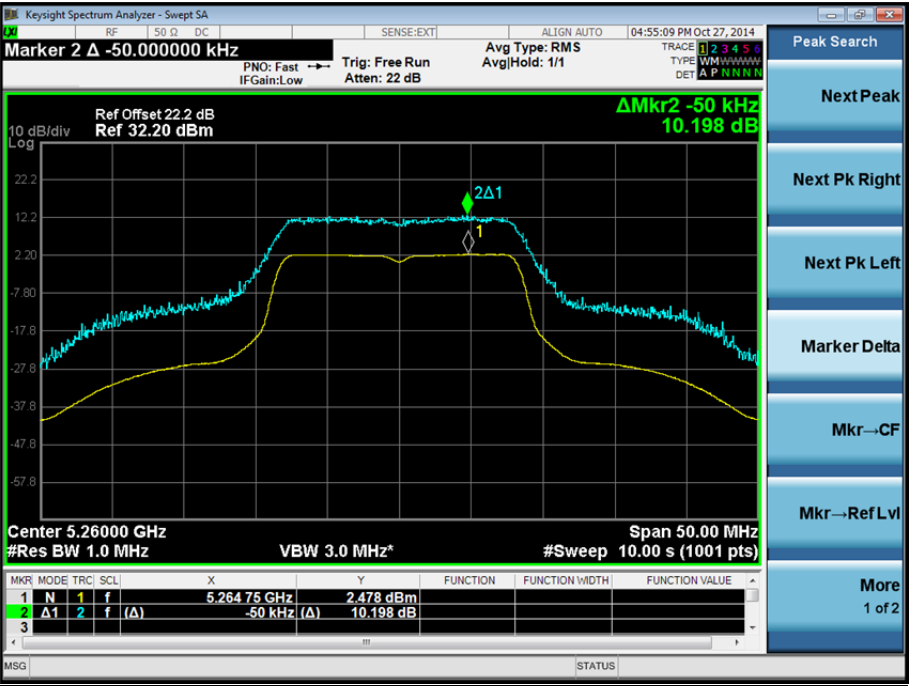

Product Service

Modulation: 64-QAM

Peak Power Spectral Density (dBm)	2.478
-----------------------------------	-------

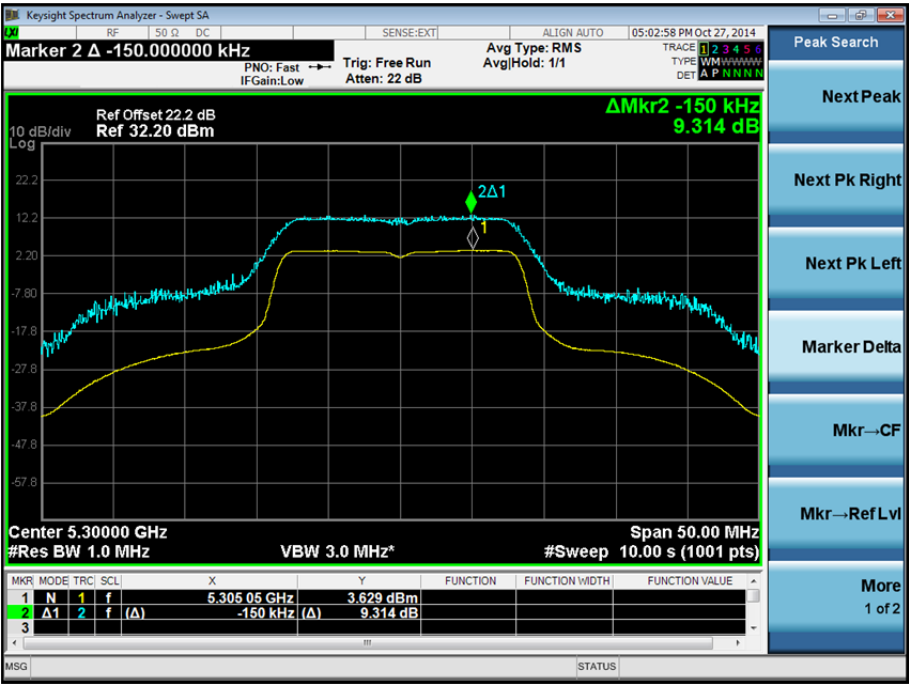

Product Service

5300 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.629
-----------------------------------	-------

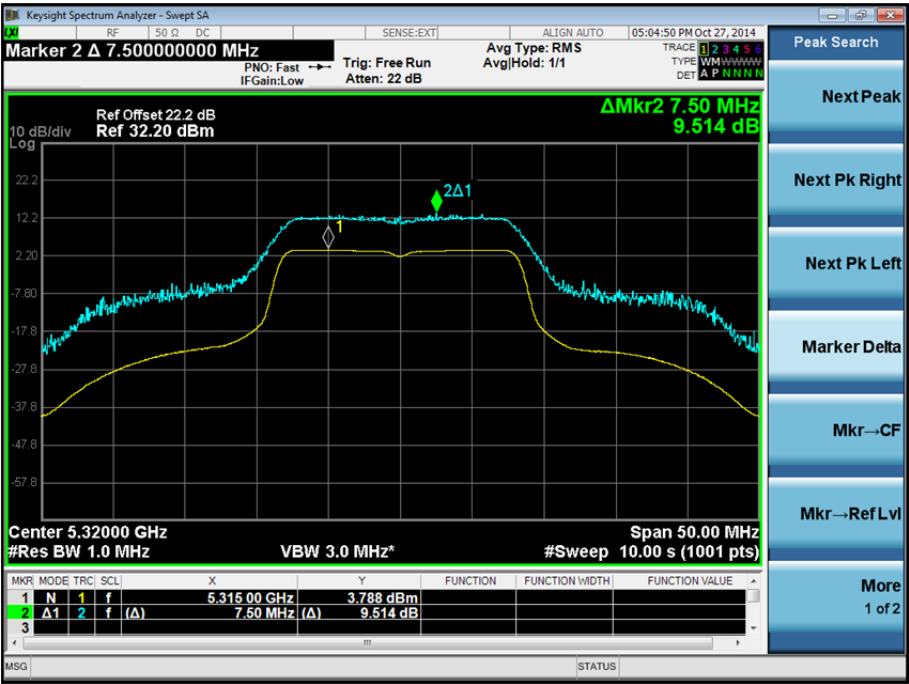

Product Service

5320 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.788
-----------------------------------	-------

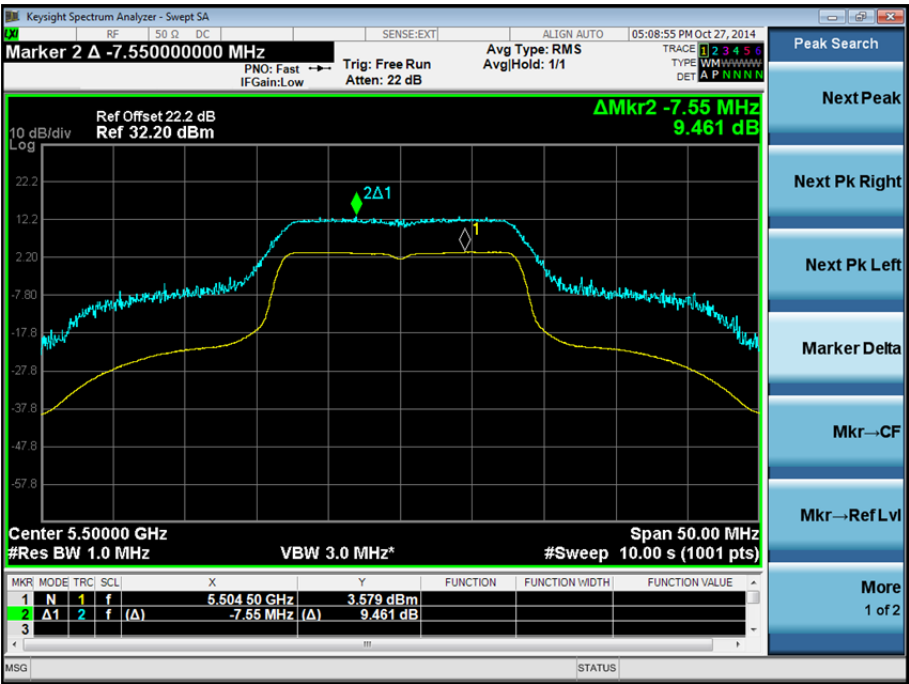

Product Service

Frequency Band 3

5500 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.579
-----------------------------------	-------

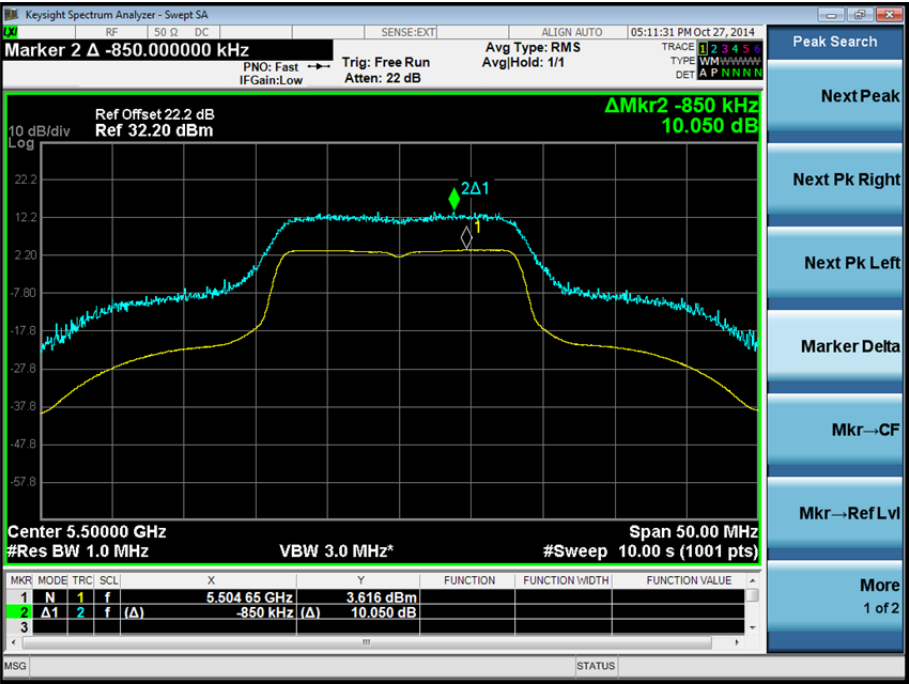

Product Service

Modulation: QPSK

Peak Power Spectral Density (dBm)	3.616
-----------------------------------	-------

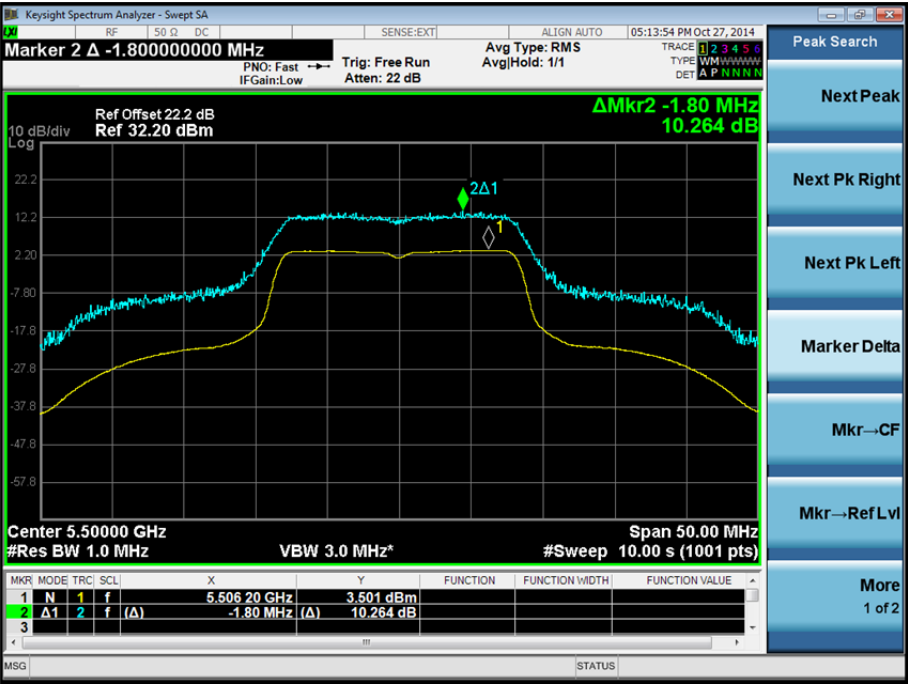

Product Service

Modulation: 16-QAM

Peak Power Spectral Density (dBm)	3.501
-----------------------------------	-------

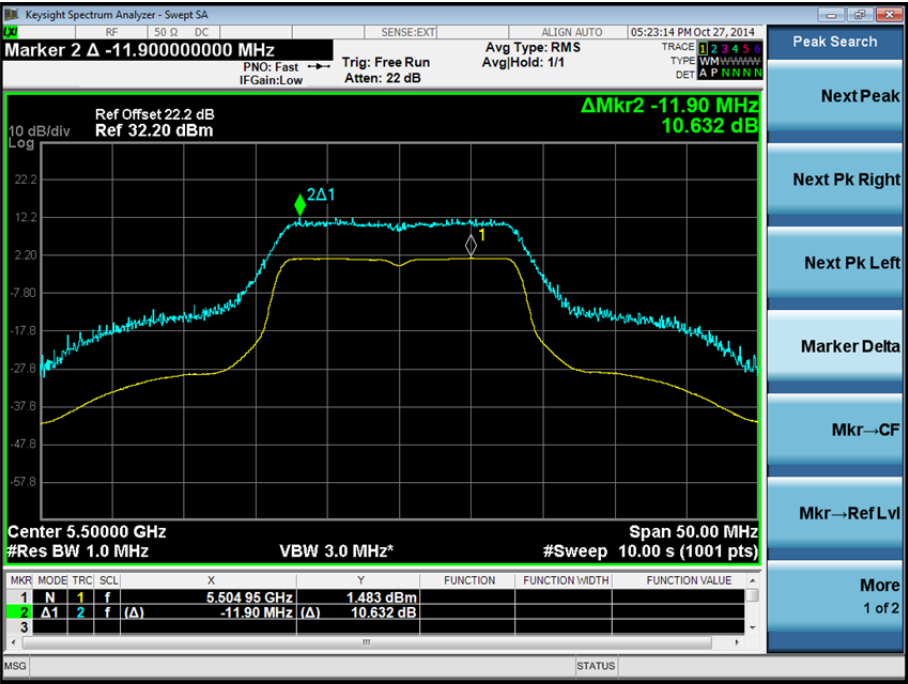

Product Service

Modulation: 64-QAM

Peak Power Spectral Density (dBm)	1.483
-----------------------------------	-------

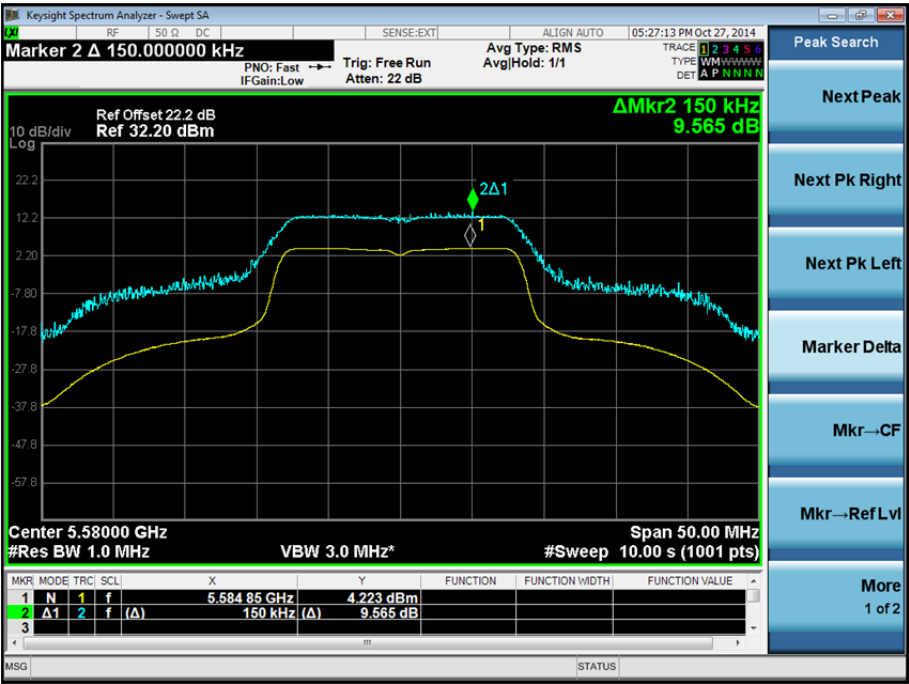

Product Service

5580 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	4.223
----------------------------------	-------

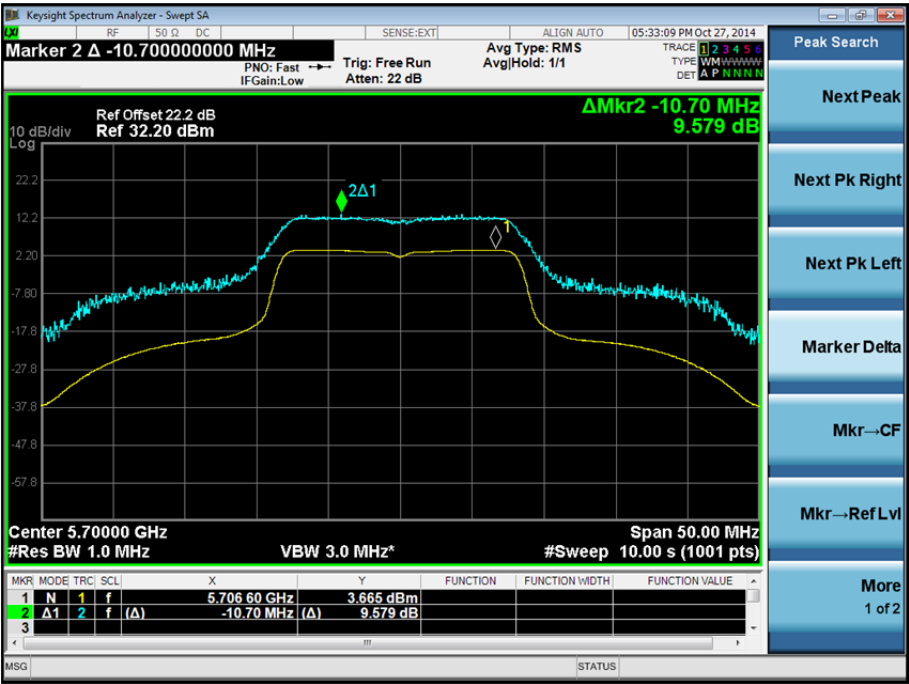

Product Service

5700 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.665
----------------------------------	-------

Limit

Frequency Band (MHz)	FCC Limit	IC Limit
5150 to 5250	<4 dB / 1 MHz	<10 dB / 1 MHz
5250 to 5350	<11 dB / 1 MHz	<11 dB / 1 MHz
5470 to 5725	<11 dB / 1 MHz	<11 dB / 1 MHz
5725 to 5825	<17 dB / 1 MHz	<17 dB / 1 MHz

Product Service

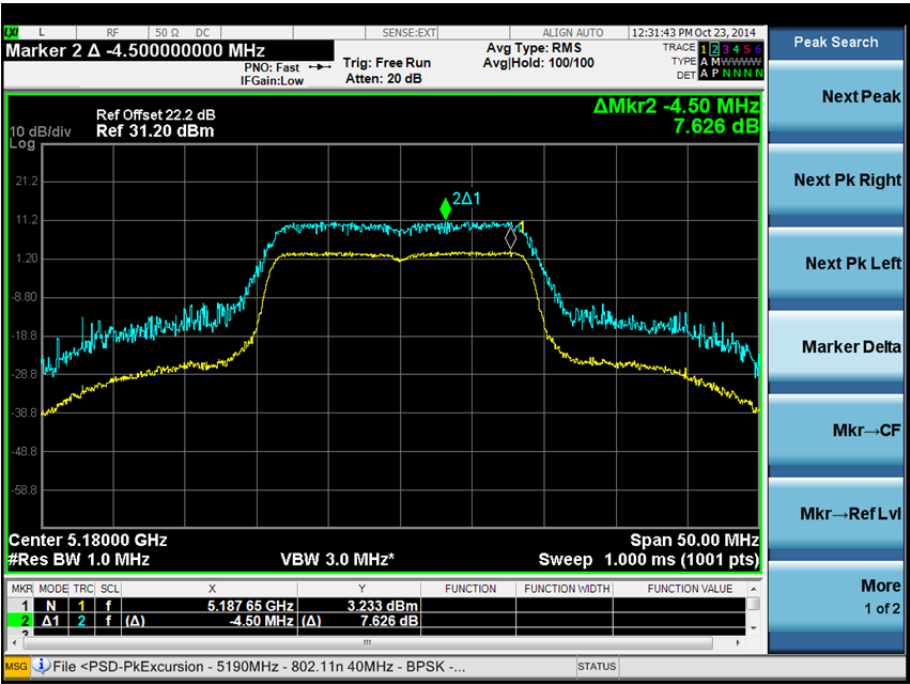

802.11(ac) 20 MHz BW

Frequency Band 1

5180 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.233
----------------------------------	-------

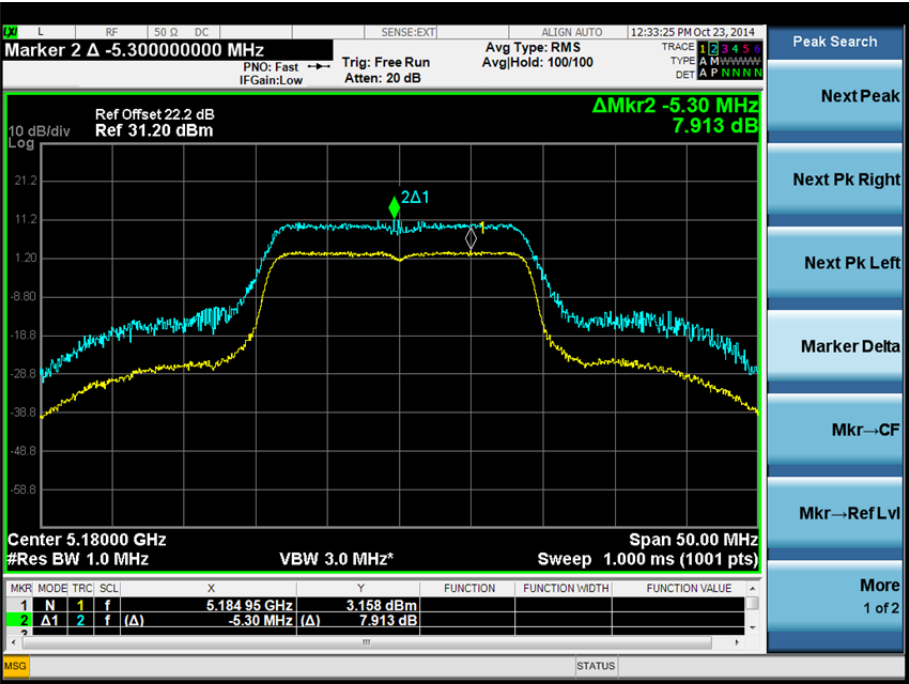

Product Service

Modulation: QPSK

Peak Power Spectral Density (dB)	3.158
----------------------------------	-------

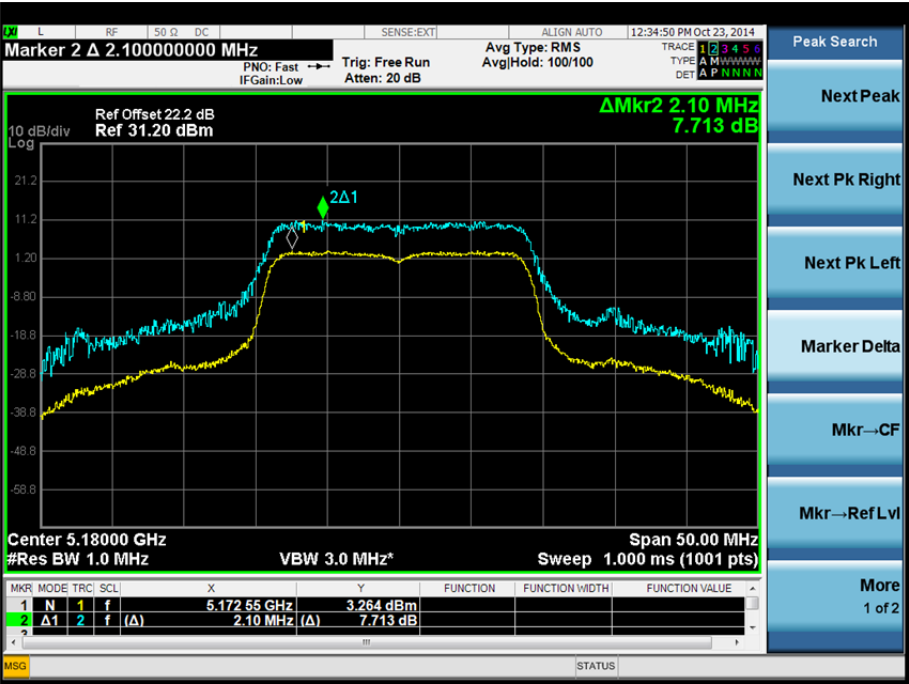

Product Service

Modulation: 16-QAM

Peak Power Spectral Density (dB)	3.264
----------------------------------	-------

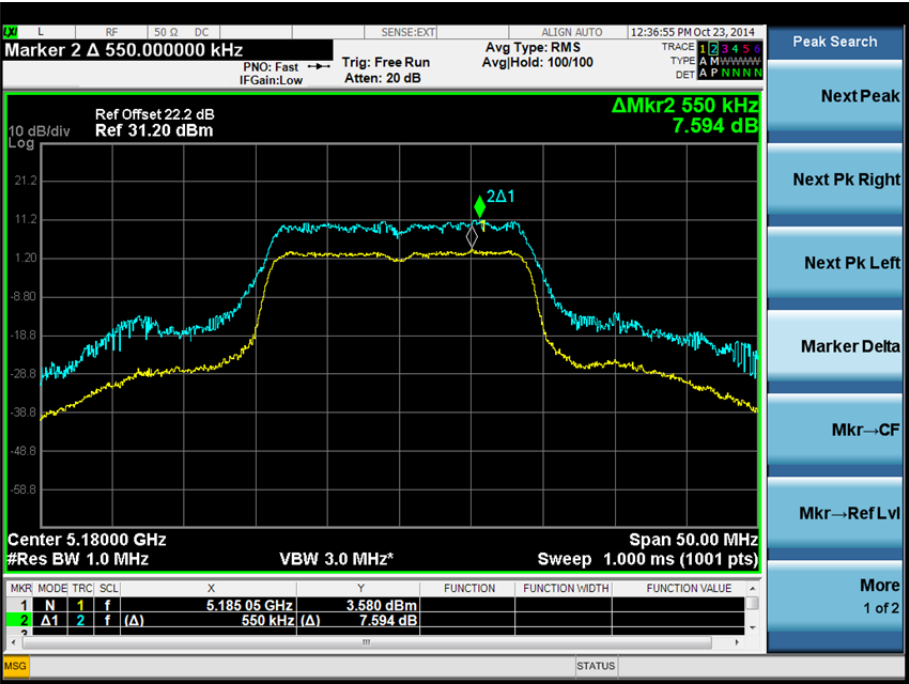

Product Service

Modulation: 64-QAM

Peak Power Spectral Density (dB)	3.580
----------------------------------	-------

Product Service

Modulation: 256-QAM

Peak Power Spectral Density (dB)	3.075
----------------------------------	-------

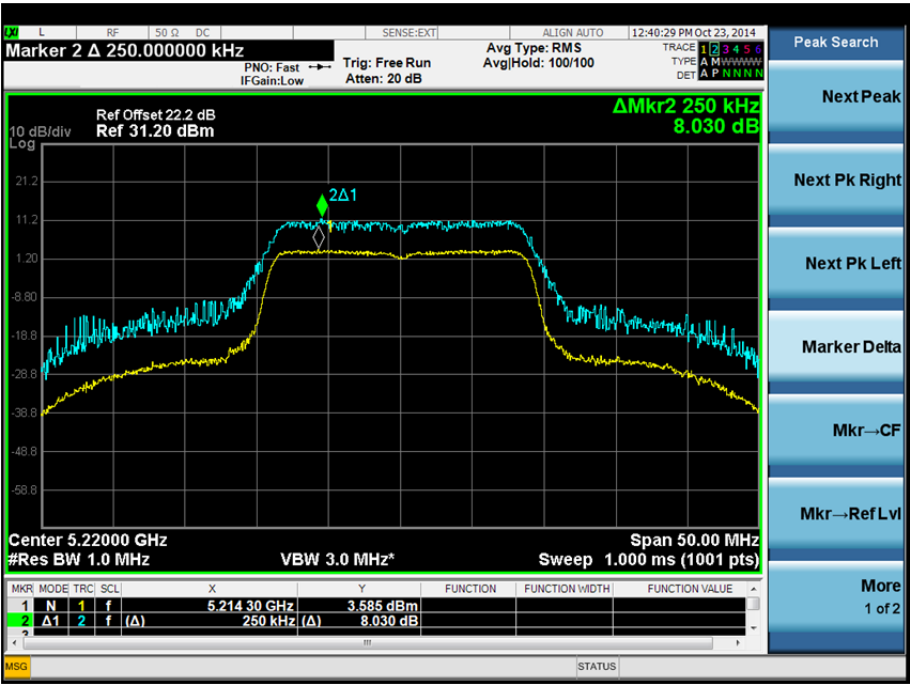

Product Service

5220 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.585
----------------------------------	-------

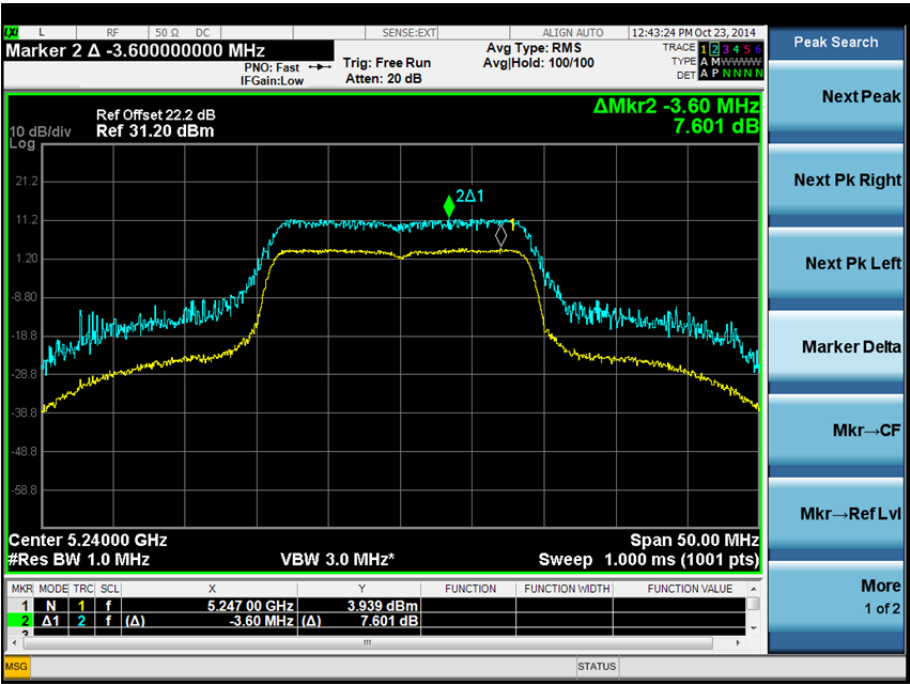

Product Service

5240 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.939
----------------------------------	-------

Product Service

Frequency Band 2

5260 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	4.001
----------------------------------	-------

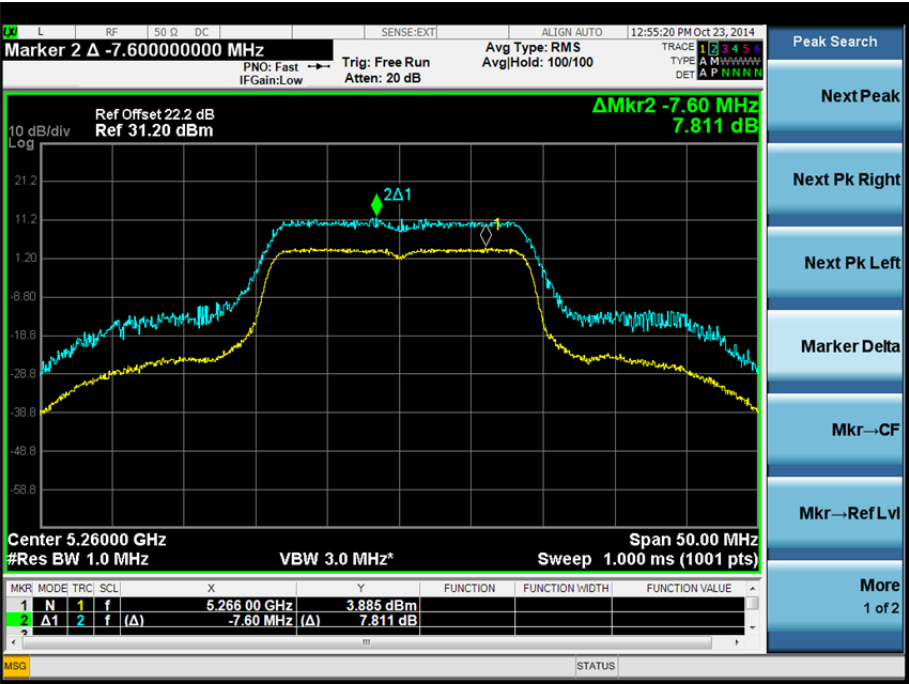

Product Service

Modulation: QPSK

Peak Power Spectral Density (dB)	3.885
----------------------------------	-------

Product Service

Modulation: 16-QAM

Peak Power Spectral Density (dB)	3.822
----------------------------------	-------

Product Service

Modulation: 64-QAM

Peak Power Spectral Density (dB)	4.182
----------------------------------	-------

Product Service

Modulation: 256-QAM

Peak Power Spectral Density (dB)	3.750
----------------------------------	-------

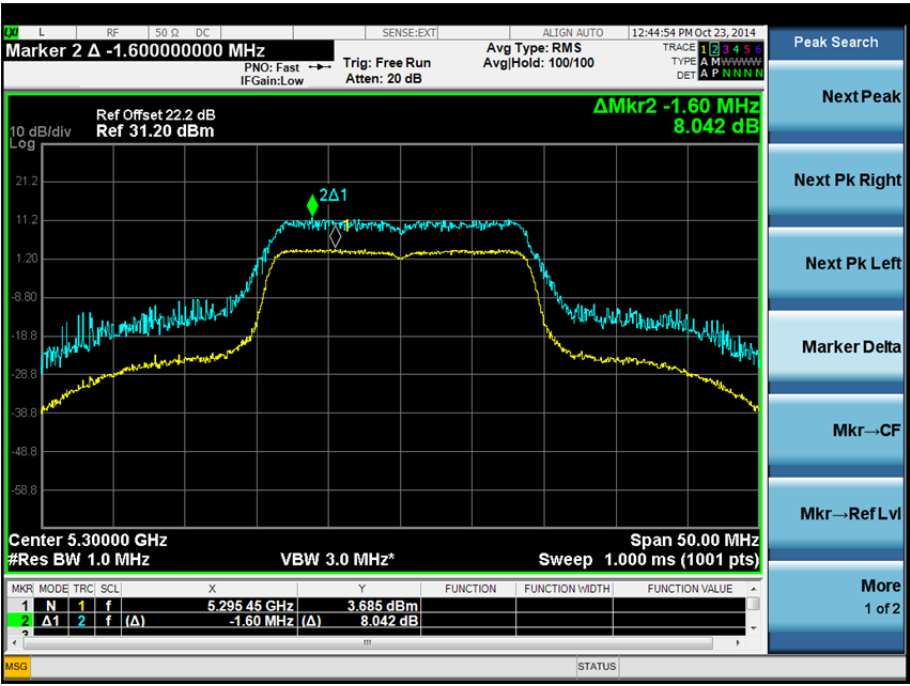

Product Service

5300 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.685
----------------------------------	-------

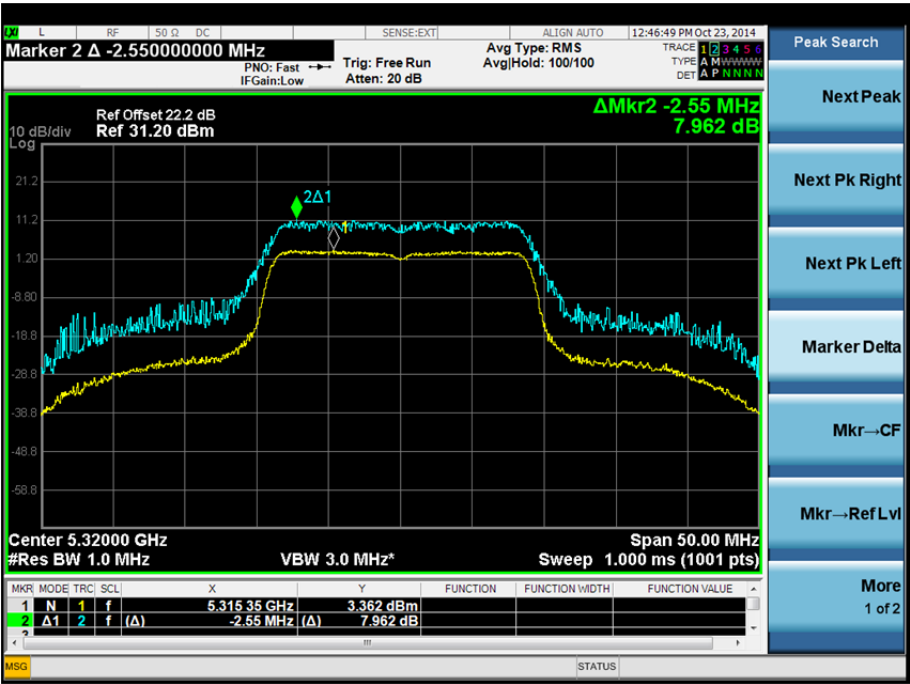

Product Service

5320 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.362
----------------------------------	-------

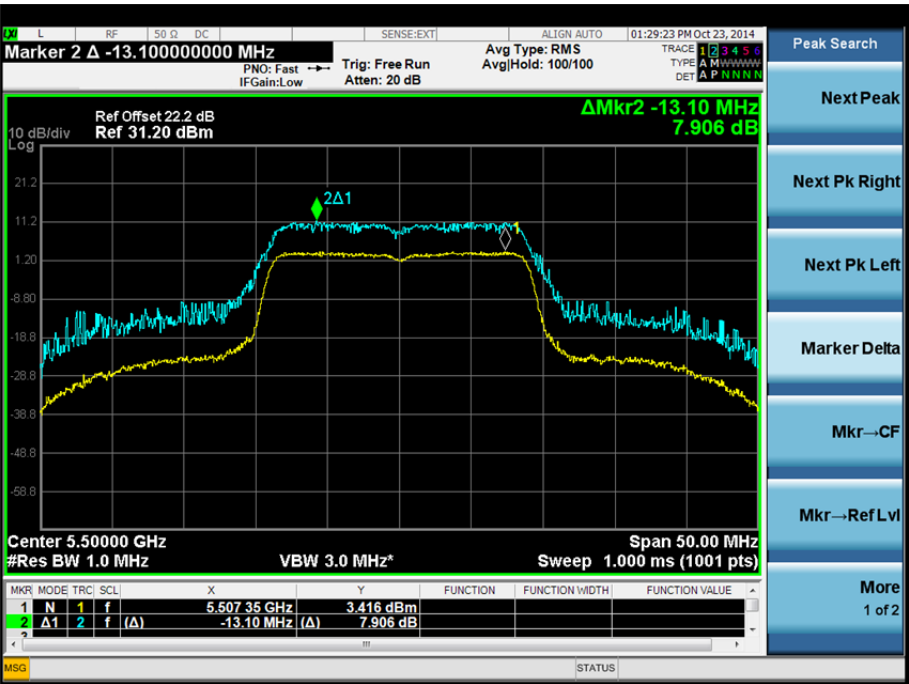

Product Service

Frequency Band 3

5500 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.416
----------------------------------	-------

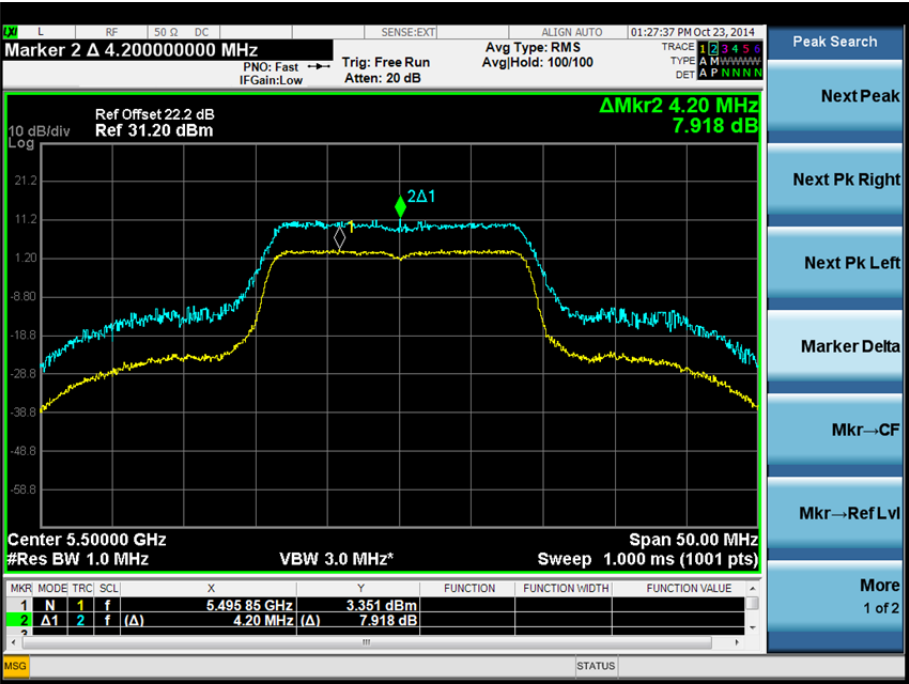

Product Service

Modulation: QPSK

Peak Power Spectral Density (dB)	3.351
----------------------------------	-------

Product Service

Modulation: 16-QAM

Peak Power Spectral Density (dB)	3.536
----------------------------------	-------

Product Service

Modulation: 64-QAM

Peak Power Spectral Density (dB)	3.445
----------------------------------	-------

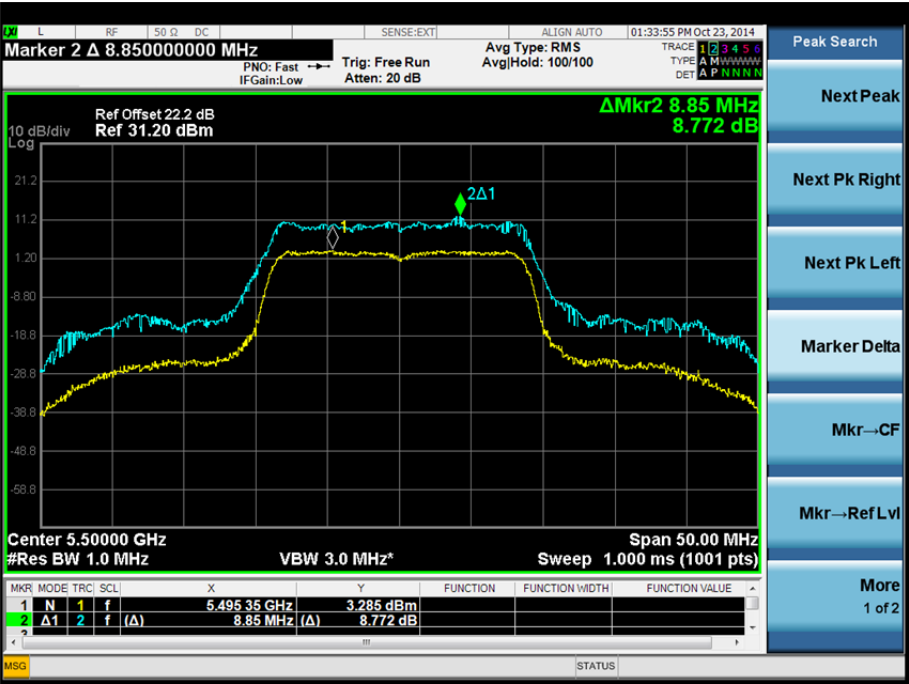

Product Service

Modulation: 256-QAM

Peak Power Spectral Density (dB)	3.285
----------------------------------	-------

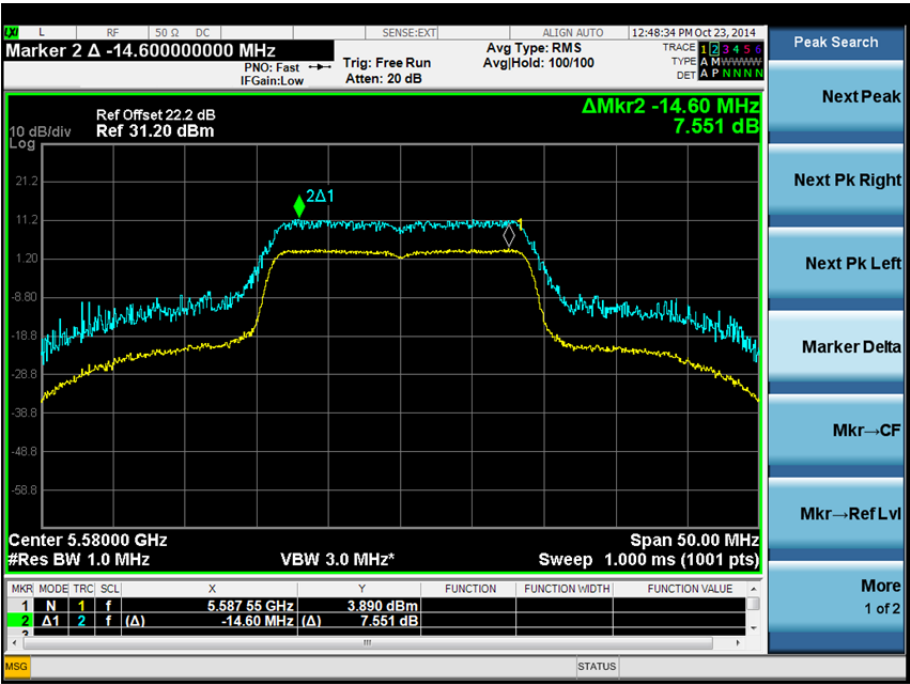

Product Service

5580 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.890
----------------------------------	-------

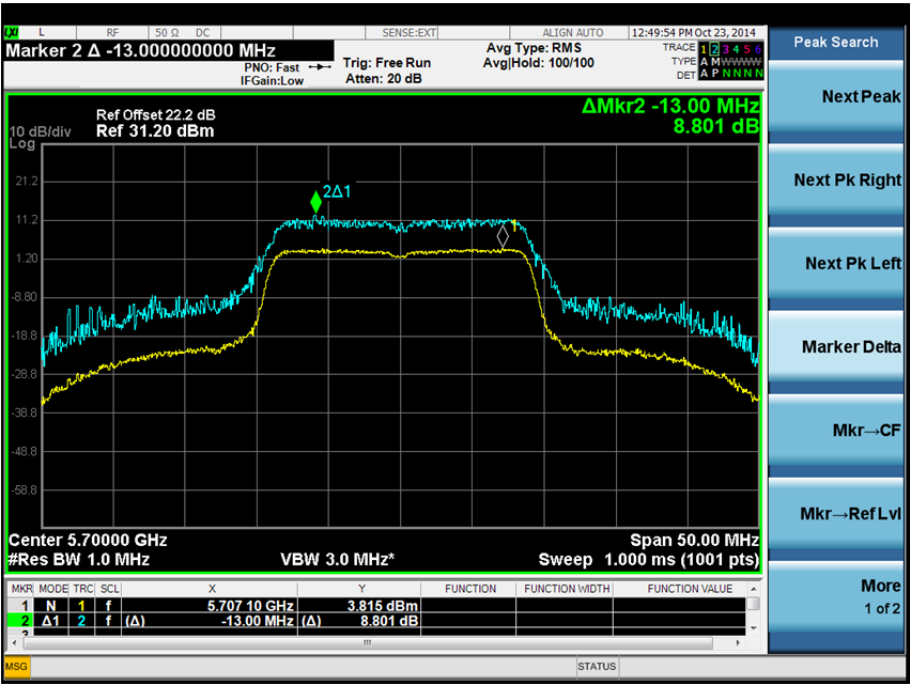

Product Service

5700 MHz

Modulation: BPSK

Peak Power Spectral Density (dB)	3.815
----------------------------------	-------

Limit

Frequency Band (MHz)	FCC Limit	IC Limit
5150 to 5250	<4 dB / 1 MHz	<10 dB / 1 MHz
5250 to 5350	<11 dB / 1 MHz	<11 dB / 1 MHz
5470 to 5725	<11 dB / 1 MHz	<11 dB / 1 MHz
5725 to 5825	<17 dB / 1 MHz	<17 dB / 1 MHz

Product Service

802.11(n) 20 MHz BW

Frequency Band 1

5180 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	2.919
-----------------------------------	-------

Product Service

Modulation: QPSK

Peak Power Spectral Density (dBm)	2.812
-----------------------------------	-------

Product Service

Modulation: 16-QAM

Peak Power Spectral Density (dBm)	2.917
-----------------------------------	-------

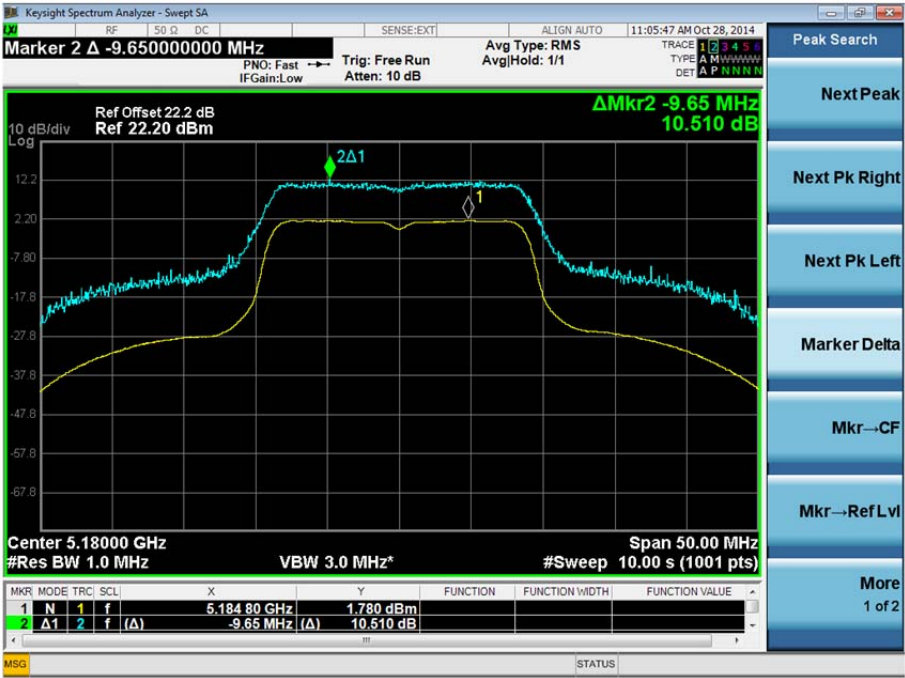

Product Service

Modulation: 64-QAM

Peak Power Spectral Density (dBm)	1.780
-----------------------------------	-------

Product Service

5220 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	2.897
-----------------------------------	-------

Product Service

5240 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.120
-----------------------------------	-------

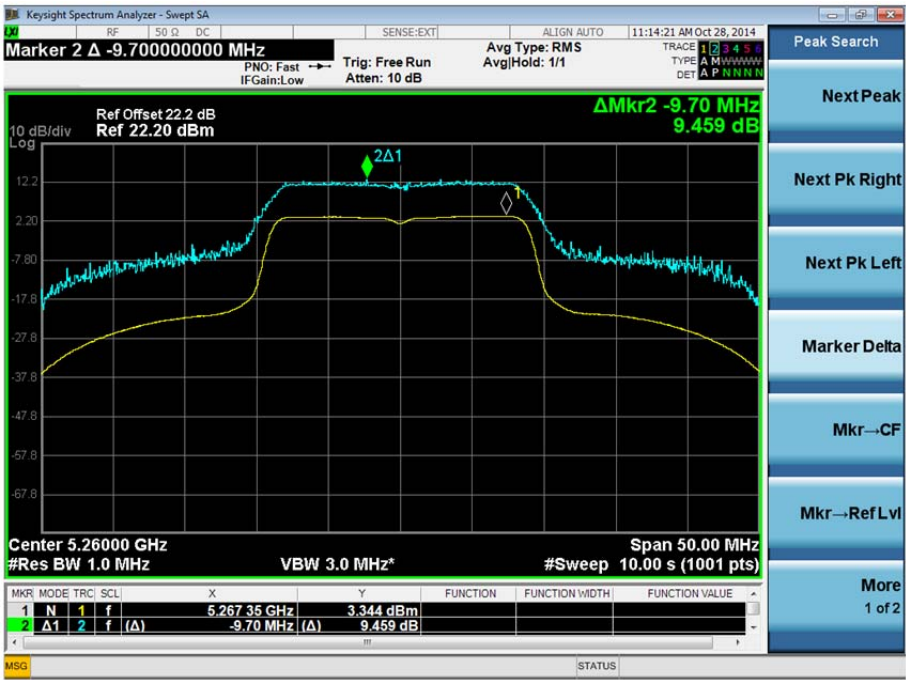

Product Service

Frequency Band 2

5260 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.344
-----------------------------------	-------

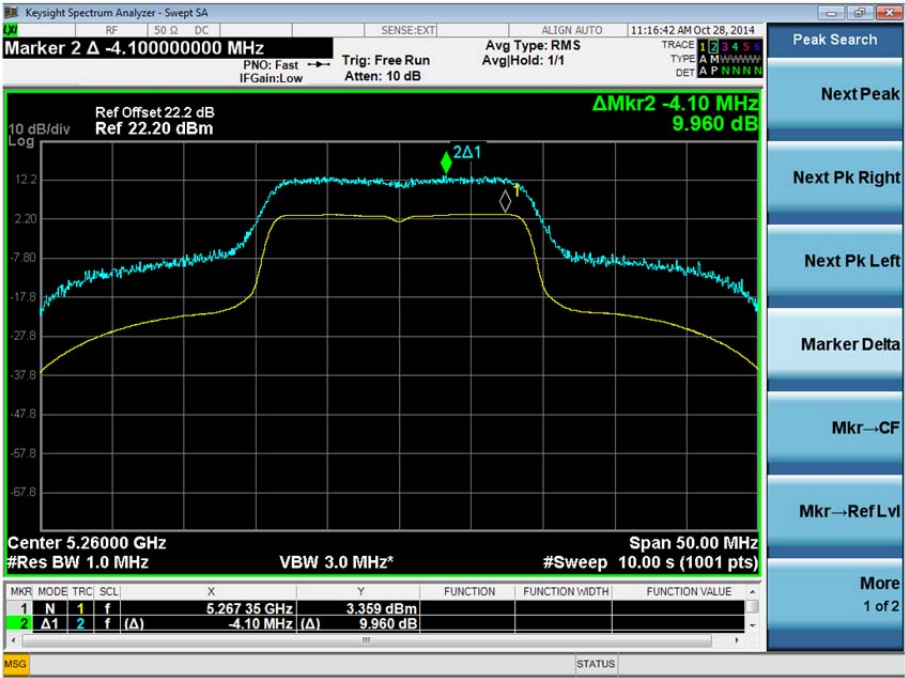

Product Service

Modulation: QPSK

Peak Power Spectral Density (dBm)	3.359
-----------------------------------	-------

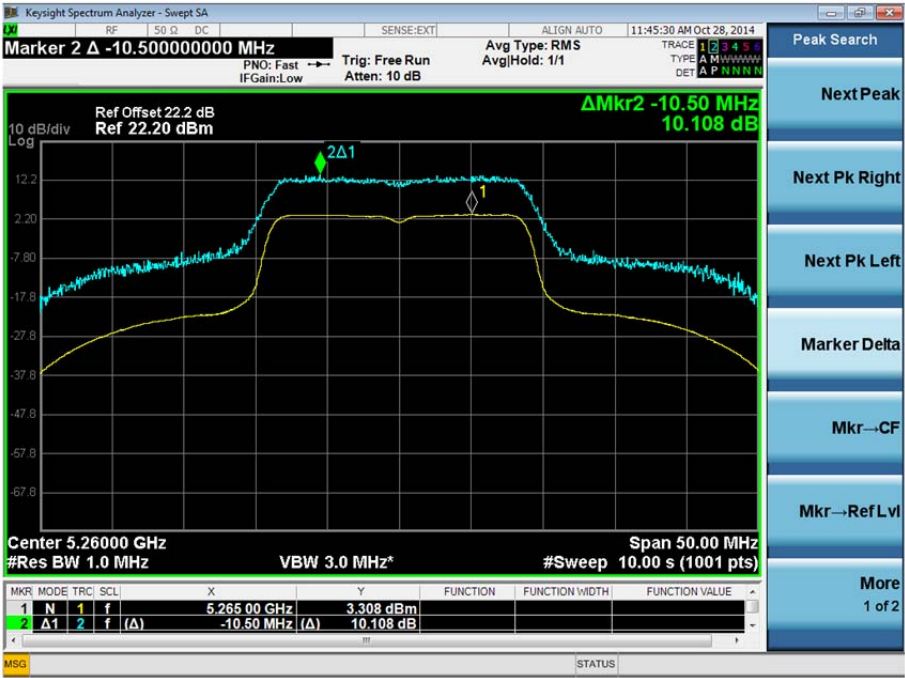

Product Service

Modulation: 16-QAM

Peak Power Spectral Density (dBm)	3.308
-----------------------------------	-------

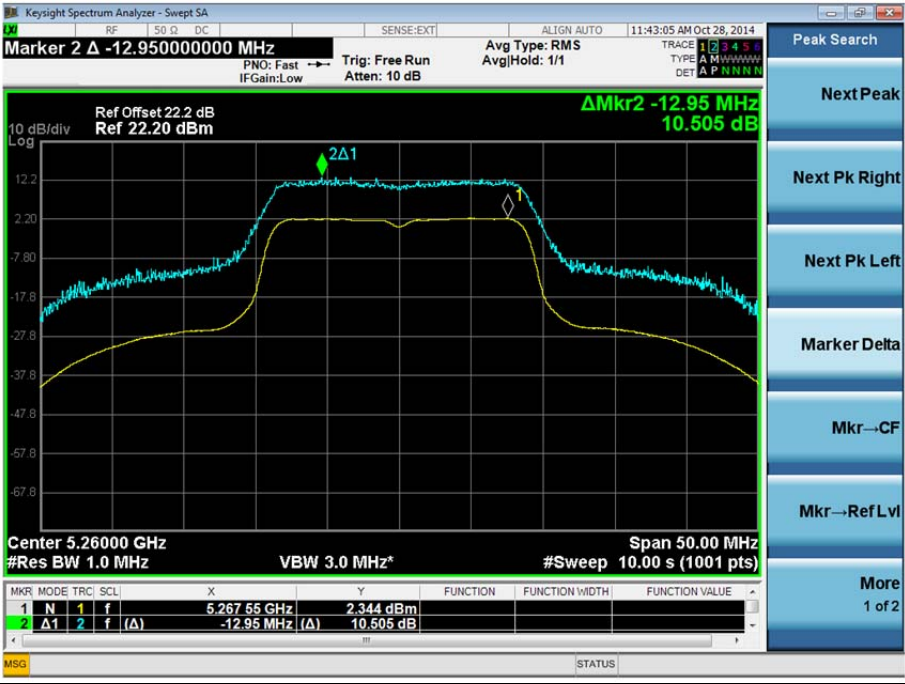

Product Service

Modulation: 64-QAM

Peak Power Spectral Density (dBm)	2.344
-----------------------------------	-------

Product Service

5300 MHz

Modulation: BPSK

Peak Power Spectral Density (dBm)	3.328
-----------------------------------	-------
