Restore Factory Settings: Insert a small object into the Reset hole, and hold for 5 seconds.

Item Name: Wolflink Smart Router
Configuration: CPU frequency 580MHz, memory DDR2, extended interface supports SD cards (SDHC)
Wireless performance: access to 31 clients, session number: exceeds 16,000.
Case material: Aluminum alloy
Case color: Matte Black
Wireless type: IEEE 802.11 b/g/n
Wireless band: 802.11b/g/n HT20: 2.412~2.462GHz (USA), 802.11 n HT40: 2.422~2.452GHz (USA)
802.11b/g/n HT20: 2.412~2.472GHz (Europe); 802.11n HT40: 2.422~2.462GHz (Europe)
Antenna gain: 2dBi × 2
Weight: 257g
Input power: USB 5V/1A
Size: 153mm × 91mm × 21mm (L × W × H)
Temperature: 0~40 degrees (operating), -40~70 degrees (storage)
Humidity: 10%~90%RH w/o condensation (operating), 5%~90%RH w/o condensation (storage)
Power: rated power 2.5W
Power supply: Standard Micro USB 2.0

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located for operating in conjunction with any other antenna or transmitter.
