

Date: 1/7/2026

Attn: FCC Office of Engineering and Technology / UL Verification Services TCB

Ref: Class 2 Permissive Change for FCC ID: **2ADNG-YND1800**

Original approval date: August 21, 2024

Additional C2PC dates: January 7, 2026

Applicant: Energous Corporation

To Whom It May Concern

This is to request for a Class II Permissive Change to address the following proposed changes to the firmware for this device:

Duty Cycle for WPT has increased from 30% to 90% although the report shows 100% as worst case. BLE has no change in DC. To ensure compliance this device must be professionally installed to provide a minimum of 35 cm between the device and people.

Please refer to MPE report.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

Jose Martinez
