

User's manual

1. Kit:

- 1 x Bluetooth headphones
- 1 x Micro USB cable
- 1 x Instruction Sheet

2. Specifications

Bluetooth Version:	V5.0 JL
Output power:	200mW*2
Frequency:	20-20,000KHz
Transfer Distance:	10m
Impedance:	32 OHM(Ω)
Material:	ABS-plastic
Lithium battery :	200mAh
Play/Talk time:	4 hours
Charge time:	2 hours
Standby time:	100hours
Dimensions:	145 x 68 x 175 mm
Weight:	99g
Weight (without packaging)	36g

3. Product overview

1. Power on/off
2. Micro USB charging port
3. Mic

4. Controls and functions

Music mode

Please use the volume and settings on the mobile device to control volume increase/decrease, play/pause, and track forward/backward.

Phone mode

NOTE: the unit must be powered ON and paired to a Bluetooth enabled Mobile device to use the phone mode on the headphones.

1. When a call is received, playing music is automatically muted to hear the ring tone through the headphones.
2. Lightly press the power button to answer the call. Lightly press the power button to hang up the call. You can also use the mobile phone to answer the call, mute, hang up and other phone functions.
3. If music was playing when the call was received, it will resume once the call is discontinued.

5. Charging Your Headphones

Before charging the headphones please power off it completely. It is strictly prohibited to use the headphones while charging. When charging product the LED will constantly stay RED. Approximate time for a full charge is 2.5 hours.

6. Pairing

You will need to pair the headphones with your device for the very first time. After that every time you switch it on, it will pair automatically.

- Step 1 – Switch on headphones and it will go into pairing mode with the Blue LED flashing.
- Step 2 – Switch on Bluetooth on your device and go into search / scan mode.
- Step 3 – Select model Track from the list for connecting to it.

7. General Usage Tips

Caution:

Listening at High volumes can cause hearing impairment. Please limit your usage time at high volumes.

To avoid damage or failure or wear & tear:

- Do not expose the headphones to extreme temperatures, direct sunlight or immerse in water.
- Do not attempt to clean the headphones with liquids containing alcohol, ammonia, benzene or abrasive. If needed cleaning, use a cloth dampened with diluted soap water.

Operating and Storage Temperature:

It is strictly prohibited to operate and store the headphones in places with temperature lower than -10 deg C or higher than 60 deg C. Extreme temperatures will shorten the life span of the battery.

Federal Communications Commission (FCC) Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by Xian Chishine Optoelectronics Technology Co.,Ltd may void the FCC authorization to operate this device.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
