

Product name: Refrigerator

Model: [Truma Cooler C30 US](#)

Rating :12V,24V,120V-240V 50/60Hz

IC : 12552A-COOLER

FCC ID: 2ADPZ-COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: [Truma Cooler C36 US](#)

Rating :12V,24V,120V-240V 50/60Hz

IC : 12552A -COOLER

FCC ID : 2ADPZ-COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: [Truma Cooler C 44 US](#)

Rating :12V,24V,120V-240V 50/60Hz

IC : 12552A -COOLER

FCC ID : 2ADPZ-COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: [Truma Cooler C60 US](#)

Rating :12V,24V,120V-240V 50/60Hz

IC : 12552A -COOLER

FCC ID: 2ADPZ-COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: [Truma Cooler C73 US](#)

Rating :12V,24V,120V-240V 50/60Hz

IC : 12552A-COOLER 5

FCC ID: 2ADPZ -COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: [Truma Cooler C105 US](#)

Rating :12V,24V,120V-240V 50/60Hz

IC ID : 12552A -COOLER

FCC ID: 2ADPZ -COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: [Truma Cooler C69 DZ US](#)

Rating :12V,24V,120V-240V 50/60Hz

IC ID : 12552A -COOLER

FCC ID: 2ADPZ-COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: Truma Cooler C85 DZ US

Rating :12V,24V,120V-240V 50/60Hz

IC : 12552A -COOLER

FCC ID: 2ADPZ-COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.

Product name: Refrigerator

Model: Truma Cooler C96 DZ US

Rating :12V,24V,120V-240V 50/60Hz

IC : 12552A -COOLER

FCC ID: 2ADPZ-COOLER

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this Device may not cause harmful interference ,and (2) this device Must accept any interference received, including interference That may cause undesired operation.
