With the professional installation requirements, We according to KDB 353028 D01 Antennas Part 15 Transmitters v01:

A) Professional installation:

i) It is state "This device must be professionally installed." at the User Manual.

ii) It does not permit use of any other antenna with the transmitter except the antenna "AN5000-6002RS".

iii) The applicant should address the following items when justifying professional installation.

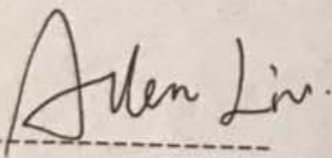

- (1) Average consumer is not readily available the hardware, it only sold to authorized dealers and installers.
- (2) The product intended use is not for consumers and general public; rather device is generally for industrial and commercial use.
- (3) The product is a specialized equipment, it must installed by a professional installer

B) Other professional installation requirements:

- (1) Installation must be controlled.
- (2) Installed by licensed professionals (e.g., device sold to dealer who hire installers).
- (3) Installation requires special training (e.g., special programming, access to keypad, field strength measurements made).

Sincerely,

Intracom Asia. Co., Ltd.
