Re: Attestation for Product with FCC ID 2ADU9-3876

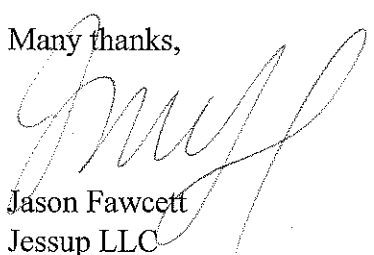

To Whom it Concerns:

Jessup LLC confirms that the product with FCC ID 2ADU9-3876 ("Device") meets the requirements of the KDB 748748 D01 Labeling Guidelines because each of the following factors are satisfied:

- (1) The Device is handheld;
- (2) The FCC mark (including FCC ID and model number) ("Mark") will be placed in the Device's battery compartment and Device's batteries will not be installed during marketing of the Device;
- (3) The Mark will not be located on a removable portion of the Device's battery compartment;
- (4) The Device's battery compartment does not require special tools to access;
- (5) The Device's user documents will direct customer on where to find the Mark; and
- (6) The Mark will meet all general labeling requirements.

Please contact me if you have any questions.

Many thanks,
