

Ad Hoc Mode and Wi-Fi direct Function Declaration

Date: 2017-10-17

FCC ID : 2ADXVSWM500

To whom it may concern:

We,

Healcerion Co., Ltd., declare that the EUT (Model Name: SWM-500) doesn't have Ad Hoc Function and Wi-Fi direct on "non-US frequencies" and/or "on DFS frequencies". In non-associated mode, that software and associated drives will not initiate any transmission on DFS frequencies. This includes transmissions for beacon ad-hoc peer-to-peer modes.

Sincerely,

DATE

29 Day of November 2017
