Safety Precautions

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

--Reorient or relocate the receiving antenna.

--Increase the separation between the equipment and receiver.

--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF exposure statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Warning:

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FRONT

Operation

FIRST TIME SETUP

Device may need to be charged before use.

CAUTION
Only use a charging device that is 5V DC output.

Remove the protective film before the first use, then power on the headphones, it will go to pairing mode automatically. Search "onn Over-ear ANC" on your Bluetooth device.

POWER ON & POWER OFF

Power on

Press and hold the power button for 2 seconds and you will see white LED flash, now it is powered on. Note: Headphones will automatically reconnect to the last-time paired device when next time power on.

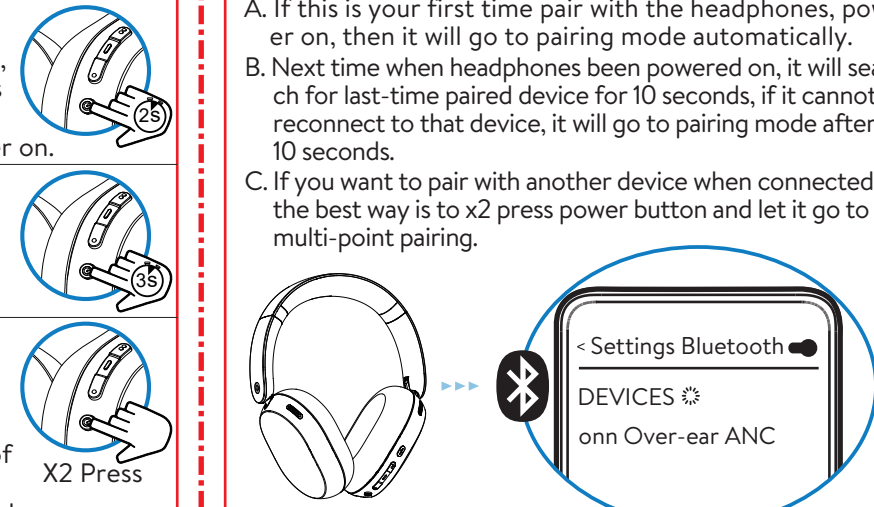

Power off

Press and hold the power button for 3 seconds and you will see red LED flash, now it is powered off.

Multi-Point Connection

1. After successfully connected with Device A, x2 press the power button, it will enter multi-point pairing.

2. Search it from the Bluetooth setting of your Device B and connect it, now your both devices are connected to the headphones.

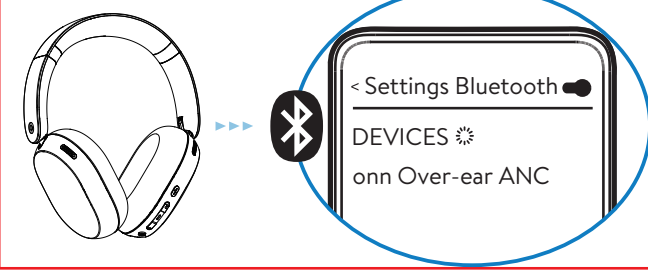

PAIRING

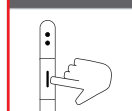

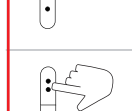

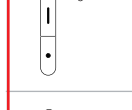

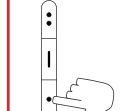

A. If this is your first time pair with the headphones, power on, then it will go to pairing mode automatically.

B. Next time when headphones been powered on, it will search for last-time paired device for 10 seconds, if it cannot reconnect to that device, it will go to pairing mode after 10 seconds.

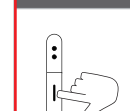

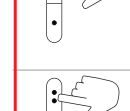

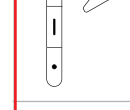

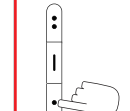

C. If you want to pair with another device when connected, the best way is to x2 press power button and let it go to multi-point pairing.

PLAY MUSIC
