

Cover Letter

DATE: January 25, 2021

The project which FCC ID is 2ADZRG2426GA has been certified.

Now the FCC ID of this new project submitted is 2ADZRXG2426GA.

The differences between the two products are as follows:

1、The Gigabit GPON port has been improved to a 10G XGPON port, with other parts remaining the same.

2、The RF performance of WIFI is the same, and the antenna parameters are the same, but only the structure and length of antenna is different.

3、FCC ID and product model has been changed.

Everything else is the same.

The following tests in the report cover the changes:

1、For 15B, All cases were tested.

2、For 15C and 15E, all radiation-related cases were tested.

3、The conducted power was verified.

This project will be submitted as an original for a new FCC ID.

Thank you very much.
