When you select video on the menu, the video on demand screen will show up. You can select the genre and video title.

Guide Screen

The image shows a TV guide interface with a dark background. At the top left, it says 'TV / guide'. At the top right, it says 'ISP LOGO' and '6:23 pm'. Below this, there's a row of time slots: 'Thu 08/15', '6:00PM', '6:30PM', and '7:00PM'. The main content area is a grid of program listings. Each row represents a channel, and each column represents a time slot. The channels listed are FOX 1000, HBO 1001, 1002, NBC 1003, BBC 1004, and 1005. The programs listed are 'Evening News', 'Star Trek', 'NBC Evening News', 'TV show', '24 season premier', 'TV Show', 'Game Show', 'Finding the Bismark', 'Lost Egypt', and 'Fund Raising'. Some programs are marked with 'HD' and some have a red dot. At the bottom left, there's a small thumbnail image of a city at night, followed by the text '11 ABC - Evening news' and 'Daily news from around the world'. To the right of this, there's a 'HD' label, a '5.1 Surround' label, and the time slot '6:00pm - 7:00pm'.

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
