

give your home a voice

Too hot, too cold, leaking water, alarms or uninvited guests. It's hard to know when your home isn't feeling well. With Notion, your home can speak up when it needs a little extra attention.

WHOLE HOME AWARENESS

Monitor the health of your entire home with a single, powerful system.

EASY TO INSTALL

Set up your Notion home awareness kit in 30 minutes or less.

STAY CONNECTED

Customize alerts in the Notion app to keep an eye on your home, even if you're away.

REQUIREMENTS

- iOS 10 or newer
- Android 5.0 or newer
- Power outlet
- WiFi

One Notion Starter Kit covers most apartments and small homes. It's easy to expand when you need more.
