

Caution:

- Please remove the batteries from the Fast Pass Race Cars and remote control when not playing.
- When using the Fast Pass Race Cars, please keep away from heat sources and avoid exposing the Fast Pass Race Cars to direct sunlight for a long time.
- Keep hands, hair and loose clothes away from tires when the Fast Pass Race Cars start.
- Please don't pick up the Fast Pass Race Cars when they're moving.

Battery Safety:

- Keep batteries away from children.
- The battery must be replaced by an adult.
- Do not handle the battery in fire, as the battery may explode.
- Do not short circuit the battery. When the metal objects such as coins, clips or pens are directly connected to the positive (+) and negative (-) terminals, accidental short circuit of the battery may occur.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC ID: 2AE67-KR2413

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

"This device complies with FCC radiation exposure limits set forth for general population (uncontrolled exposure).

This device must not be collocated or operating in conjunction with any other antenna or transmitter."
