

Quick Start Guide [DRAFT]

WHAT'S IN THE BOX

- Device
- USB Cable

CONNECTING DEVICE

1. To turn on your Device, press and release the power button. To put it in sleep mode, press and release the power button.
2. To turn off your Device, press and hold the power button until a message displays asking if you want to shut down.
3. Your Device will be partially charged when you receive it. To charge your Device, connect one end of the USB cable into your Device and the other end into the power supply (not-included).
4. Connect the power supply into a nearby power outlet.

CONNECTING DEVICE TO YOUR HOME NETWORK

Tap the Settings icon located on the Status bar to display settings for the most commonly performed tasks

Select Wireless Network to toggle wireless on or off, display a list of detected Wi-Fi networks, add a network, and access advanced wireless settings.

REGISTERING YOUR DEVICE

To use many of the Device features, you must register it to your account. If you have not yet registered, please do so now. Prior to registering, connect to a Wi-Fi network by tapping the Settings icon at the top of the Device, then Wi-Fi. Select the network you want to use. Once you are connected, you can now register the Device to your account.
