Hardware Specifications

Dimensions & Weight:
189mm x 295mm x 9.5mm; 860g

Display:
11.6" Full HD IPS 10-point touch screen; 1920x1080p; 16:9 aspect ratio

Processor:
CPU: NVIDIA Tegra 4+1 A15 Processor 1.810Hz
GPU: Tegra GPU GeForce ULP 72

Memory & Storage:
2GB DDR3L RAM; 64GB eMMC internal storage
microSD slot supports up to 128GB storage expansion

Cams, Photos & Videos:
Front/Back 5MP cams & duo mics for optimal video
Supports 1080P full HD videos; 2560 x 1920 photo resolution

Kickstand:
Supports duo angles (40°/80°)

Keyboard Cover:
Full-size Keyboard & Touchpad; Magnetic Connector
5mm thin design; Doubles as a screen cover

Network Connection Support:
WLAN with 2.4GHz/5GHz duo frequency supports 802.11a/b/g/n protocol
Bluetooth 4.0, WiFi Direct, Miracast

Ports & Internals:
AAC stereo speakers & duo mics; 3.5mm headphone jack;
External SD card slot; Micro USB 2.0 port (OTG accessory included)
4-Pin magnetic charging port
4-Pin magnetic connection for keyboard cover/external speaker

Sensors:
Accelerometer/Gyroscope/Compass/Ambient light sensor
Supports Satellite Positioning

Battery: 8100 mAh

Care, Maintenance, and Safety

The following suggestions will help you comply with the terms of the warranty and extend product life:

- Using Your Remix Safety
 - Do not place heavy objects on your Remix.
 - Do not attempt to modify or service your Remix.
 - Do not attempt to cover or push objects into openings on your tablet unless instructed to do so in the tablet documentation supplied by Jide. This action might cause a short circuit, fire, or an electric shock.
 - Do not use sharp objects on the screen.
 - Do not use excessive force on the screen.
 - Do not use your tablet near water (for example, near a bathtub or sink, in a wet basement or near a swimming pool).
 - Do not place your tablet on any unstable surfaces. The tablet could fall, thereby causing serious injury to a person and serious damage to the tablet.
 - Do not charge the product in the bathroom or other places with high humidity. Please avoid water.
 - Do not paint the product. Paint can clog moving parts and prevent its normal use.
 - Do not use the product in a place where there are flammable or explosive gases, so as not to lead to product failure and accidents.
 - Do not touch the screen if the glass cover of the screen surface ruptures to avoid scratches and cuts on your skin.

Care, Maintenance, and Safety

- Do not use your tablet in any area with a potentially explosive atmosphere. Turn off the tablet, but also do not charge, so as to avoid accidents. Potential areas may include but not limited to: gas stations, fuel or chemical transfer or storage facilities, liquefied petroleum gas transport, etc.

Electrical Safety

- Avoid having moisture, water or other liquids seep into the body or the keyboard, potentially resulting in overheating of the body or the keyboard, leakage and failures on your tablet unless instructed to do so in the tablet documentation supplied by Jide. This action might cause a short circuit, fire, or an electric shock
- Do not charge in the following places: in direct sunlight; when the temperature is below 5 ° C or above 40 ° C in place of charge; damp, dusty or unstable places; nearby electrical appliances such TVs, radios and so on.
- Do not use Jide with unofficial accessories or with an unspecified charger to avoid battery leakage, overheating, explosion or fire.

JIDE will not be liable for equipment failures or accidents resulting from the use of accessories that do not have JIDE designation or authorization.

FCC Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Compliance Statement

FCC RF Radiation Exposure and SAR Statements - The Remix Tablet has been tested for body-worn Specific Absorption Rate (SAR) compliance. The FCC has established detailed SAR requirements and has established that the Remix Tablet is in compliance with these requirements. RF Exposure Information - The radio module has been evaluated under FCC Bulletin OET 65C (01-01) and has been found to be compliant with the requirements as set forth in CFR 47 Sections, 2.1093, and 15.247 (b) (4) addressing RF Exposure from radio frequency devices. This model meets the applicable government requirements for exposure to radio frequency waves. The highest SAR level measured for this device was 1.22W/kg.
