Label Actual Size: 1” x 2.5”

A close-up photograph of the side of a black electronic device, possibly a tablet or a thin laptop. The device has a matte black finish. A white rectangular area is highlighted on the side, indicating where a label should be placed. At the top, a portion of a white label with a barcode and some text is visible. At the bottom, there are two circular ports, likely for charging or data transfer.

LABEL WILL BE PLACED HERE, ON SIDE OF PRODUCT
