SmartGuard

May 26, 2016

Federal Communications Commission
445 12th Street SW
Washington, DC 20554

SUBJECT: Original Equipment Certification Confidentiality Request

To Whom It May Concern:

Pursuant to Sections 0.457(d) and 0.459 of the Commission Rules and 726920 D01 Confidentiality Request Procedures v01r02 ("726920 D01"), SmartGuard L.L.C. (Grantee Code 2AEK6) ("SmartGuard") hereby requests long-term confidentiality treatment of the following documents accompanying this application:

- Schematics of Radio
- Block Diagram of Each Radio
- Operational Description
- Internal Photos

Note that the information in the Internal Photos is controlled to prevent them from becoming public or disclosed to unauthorized persons. The information contained in the Internal Photos, showing the circuit board design, types of modules and other components used and the combination thereof are trade secrets of SmartGuard. The design of the SmartGuard device prevents end users from accessing the internal components as the device is enclosed in a structural adhesive similar in bond strength and durability as epoxy and equipped with additional anti-tampering measures to ensure confidentiality of the internal components, in accordance with Section II(3)(a)(1) of 726920 D01. In addition, supporting documentation is provided to the Telecommunication Certification Body (TCB) for submission to the Commission pursuant to Pre-Approval Guidance Procedures (388624 D01 Pre-Approval Guidance Procedures v11r01), which include justifications pursuant to Section IV of 726920 D01 and 47 CFR 0.459(g).

Furthermore, SmartGuard also requests short-term confidentiality treatment of the following documents accompanying this application:

- External photos
- Test setup photos
- User Manual

Sincerely,

Mary Brown
General Manager
