QUICK START GUIDE

1

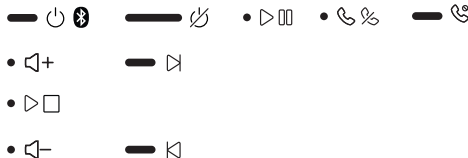

2

"Urbanista Biarritz"

Hold the button for 2s to power on, then select "Urbanista Biarritz" via Bluetooth.
A tone confirms connection, and the LED turns off.

POWER

Short Press:

1. Short press to pause/resume music playback
2. Short press to answer/end calls

Long Press:

1. Long press 2s → Power on (tone) / Reject call
2. Long press 5s → Power off (tone)
3. Long press 8s → Factory reset (volume 8, broadcast off, white LED 3s → restart)

Double Press:

1. Double press → Disconnect Bluetooth (when connected).
2. Double press → Reconnect to last device (when disconnected).

V-/Prev

Short Press: Volume Down(16 levels, default level 8).

Long Press: Previous Track.

Auracast

Short Press:

1. Short press to toggle AuraCast ON (tone) / OFF (tone).
2. Auracast setting retained after power cycle.
3. Factory default: OFF.
4. When Auracast is ON, incoming calls are phone-only (speaker bypassed).

Long Press: Long press 2s: Broadcast OFF.

V+/Next

Short Press: Volume up (16 levels).

Long Press: Next Track.

BIARRITZ

SPECIFICATIONS

- Input: 5V  0.8A
- Battery capacity: 1800 mAh, 6.66 Wh
- Bluetooth frequency range: 2.402–2.480 GHz

GENERAL INFORMATION

Product: Urbanista Biarritz

Model number: U501

Urbanista AB, Mäster Samuelsgatan 10,
111 44 Stockholm, Sweden

Website: www.urbanista.com

Email: info@urbanista.com

WARRANTY

Warranty coverage varies by country. Full terms including detailed information on obtaining service are available at www.urbanista.com/warranty.

SAFETY INSTRUCTIONS

Please read these safety instructions before using this product.

- Do not drop, crush, puncture, or expose the product to excessive impact.
- Do not expose to excessive heat, direct sunlight for prolonged periods, or temperatures outside 0°C–45°C. Do not leave inside an unattended vehicle on hot days.
- Do not place near naked flames or heat sources such as radiators or stoves.
- This product is rated IP67 (IEC 60529): protected against immersion in up to 1 m of fresh water for up to 30 minutes. Water resistance is not permanent and may decrease over time. IP67 applies to fresh water only – avoid saltwater and chlorinated water. Do not expose to high-pressure water such as jets or sprays.
- Ensure the charging port is completely dry before charging.
- Use only a certified 5V DC / 1A power supply and USB-C cable complying with local regulations. Do not charge during lightning storms. Unplug the charger when unused for extended periods.
- The battery is not user-replaceable. Do not open, disassemble, puncture, or incinerate the product. Do not leave on continuous charge for extended periods.
- If the product becomes unusually hot, emits an unusual smell, or shows signs of swelling, stop use immediately and contact support.
- Refer all servicing to qualified personnel. Any modifications not approved by Urbanista AB may void regulatory compliance and the IP67 rating.

INSTRUCTIONS DE SÉCURITÉ

Veuillez lire ces consignes de sécurité avant d'utiliser ce produit.

- Ne laissez pas tomber, n'écrasez pas, ne percez pas et n'exposez pas le produit à des chocs excessifs.
- N'exposez pas le produit à une chaleur excessive, à la lumière directe du soleil pendant des périodes prolongées, ni à des températures en dehors de la plage de 0 °C à 45 °C. Ne laissez pas le produit dans un véhicule sans surveillance par temps chaud.
- Ne placez pas le produit à proximité de flammes nues ou de sources de chaleur telles que des radiateurs ou des poêles.
- Ce produit est classé IP67 (CEI 60529) : il est protégé contre une immersion dans de l'eau douce jusqu'à 1 mètre de profondeur pendant une durée maximale de 30 minutes. La résistance à l'eau n'est pas permanente et peut diminuer avec le temps. La classification IP67 s'applique uniquement à l'eau douce – évitez l'eau salée et l'eau chlorée. N'exposez pas le produit à de l'eau sous haute pression, comme des jets ou des pulvérisateurs.
- Assurez-vous que le port de charge est complètement sec avant de procéder au chargement.
- Utilisez uniquement une alimentation certifiée de 5 V CC / 1 A et un câble USB-C conformes aux réglementations locales. Ne chargez pas le produit pendant les orages. Débranchez le chargeur lorsqu'il n'est pas utilisé pendant de longues périodes.
- La batterie n'est pas remplaçable par l'utilisateur. N'ouvrez pas, ne démontez pas, ne percez pas et n'incinerez pas le produit. Ne laissez pas le produit en charge continue pendant de longues périodes.

- Si le produit devient anormalement chaud, dégage une odeur inhabituelle ou présente des signes de gonflement, cessez immédiatement de l'utiliser et contactez le service d'assistance.
- Confiez toute opération d'entretien ou de réparation à un personnel qualifié. Toute modification non approuvée par Urbanista AB peut annuler la conformité réglementaire et la classification IP67.

INSTRUCCIONES DE SEGURIDAD

Lea estas instrucciones de seguridad antes de utilizar este producto.

- No deje caer, aplaste, perforo ni exponga el producto a impactos excesivos.
- No exponga el producto a un calor excesivo, a la luz solar directa durante períodos prolongados ni a temperaturas fuera del rango de 0 °C a 45 °C. No lo deje dentro de un vehículo sin vigilancia en días calurosos.
- No coloque el producto cerca de llamas abiertas ni de fuentes de calor como radiadores o estufas.
- Este producto tiene una clasificación IP67 (IEC 60529): está protegido contra la inmersión en hasta 1 m de agua dulce durante un máximo de 30 minutos. La resistencia al agua no es permanente y puede disminuir con el tiempo. La clasificación IP67 se aplica únicamente al agua dulce; evite el agua salada y el agua clorada. No exponga el producto a agua a alta presión, como chorros o pulverizadores.
- Asegúrese de que el puerto de carga esté completamente seco antes de cargar el producto.
- Utilice únicamente una fuente de alimentación certificada de 5 V CC / 1 A y un cable USB-C que cumplan con las normativas locales. No cargue el producto durante tormentas eléctricas. Desenchufe el cargador cuando no vaya a utilizarlo durante períodos prolongados.
- La batería no es reemplazable por el usuario. No abra, desmonte, perforo ni incinere el producto. No deje el producto cargándose de forma continua durante períodos prolongados.
- Si el producto se calienta de forma anormal, emite un olor inusual o presenta signos de hinchazón, deje de utilizarlo inmediatamente y póngase en contacto con el servicio de asistencia.
- Confíe todas las operaciones de mantenimiento o reparación a personal cualificado. Cualquier modificación no aprobada por Urbanista AB puede anular la conformidad normativa y la clasificación IP67.

FCC COMPLIANCE

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by Urbanista AB for compliance could void the user's authority to operate the equipment.

FCC ID: 2AEN5-U501

RF EXPOSURE STATEMENT

This equipment complies with the FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

EN/FR: ISED CANADA COMPLIANCE STATEMENT

This device complies with ISED Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. This equipment complies with the ISED radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

EN: EU COMPLIANCE

Urbanista AB hereby declares that this wireless device is in compliance with Directive 2014/53/EU and Radio Equipment Regulations 2017. A copy of the Declaration of Conformity is available at www.urbanista.com/compliance.

FR: CONFORMITÉ UE

Urbanista AB déclare par la présente que cet appareil sans fil est conforme à la directive 2014/53/UE et au règlement de 2017 relatif aux équipements radioélectriques. Une copie de la déclaration de conformité est disponible à l'adresse suivante : www.urbanista.com/compliance.

Le présent appareil est conforme aux CNR d'ISDE Canada applicables aux appareils radio exempt de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. Cet équipement est conforme aux limites d'exposition aux rayonnements de l'ISED établies pour un environnement non contrôlé. Cet émetteur ne doit pas être installé au même emplacement ni utilisé en conjonction avec une autre antenne ou un autre émetteur.
