BLUETOOTH

Pairing a Bluetooth Device for the First Time

- 1. Press switch to turn on the unit , then Hold the **Power/Pair** button for approximately **4 seconds**.
The indicator will flash red and blue. When pairing, remain within 3 feet of the unit.
- 2. Using the native controls on your Bluetooth device, select the **IAHB56** in your Bluetooth settings to pair.
*If your device requests a password, enter the default password **0 0 0 0** .*
Refer to the user's manual for your specific device for instructions on pairing and connecting Bluetooth devices.
After initial pairing, the unit will stay paired unless unpaired manually by the user or erased due to a reset of the device.
- 3. If your device should become unpaired or you find it is unable to connect, repeat the above steps.

LINE IN

Using the Audio Input

- Requires a 3.5mm audio cable (included).
- 1. Connect a 3.5mm audio cable to the **Line In Input** on the unit and the **audio output** on an audio device.
 - 2. Use the controls on the connected device to select and play your audio through the headphones.

Playing Audio Wirelessly

- 1. To play or pause the selected track, use the native controls on the connected Bluetooth Device or press the **Play/Pause/Volume** button.
- 2. Audio played through the connected Bluetooth device will now be heard through the headphones.

Using the Speakerphone

- 1. When a call is received, a ringtone will sound through the headphones.
- 2. Press the  button to accept the call or accept the call with the native controls on the connected device.
- 3. The incoming call received through the device will now be heard through the headphones.
- 4. To end the call, press the **Power/Pair** button or end the call using the controls on the connected device.
*Note: To re-dial the last dialed number, press the **Power/Pair** button twice.*
