

Ring LLC

12515 Cerise Ave Hawthorne, CA 90250, United States

Date: 2026-03-23

FCC ID: **2AEUP-5CFYA9**

FCC E-Label Information:

- 1) According to FCC rule part 2.935 justification of using the alternative method of e-labeling for the product

Device is required to be operated in conjunction with another device that has an electronic display.

- 2) According to KDB 784748, for devices with an integrated electronic display, or those devices that only operate in conjunction with another associated product that has an electronic display, below info has been stated in e-label and/or user manual.

Information	on E-label	In Manual
FCC ID number	No	No
FCC logo	No	No
15.19 statement ("This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.")	Yes	Yes
Class A / B Digital Device user manual statements	No	Yes
Caution to the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment	No	Yes

A. User Steps to Access Information

Users are able to access the regulatory information without requiring special access codes or permissions, and in no more than three steps.

Certification information regarding your device can be found electronically via the Ring app in the device's Settings Menu under Device Health > Safety and Compliance Information.

B. Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information.

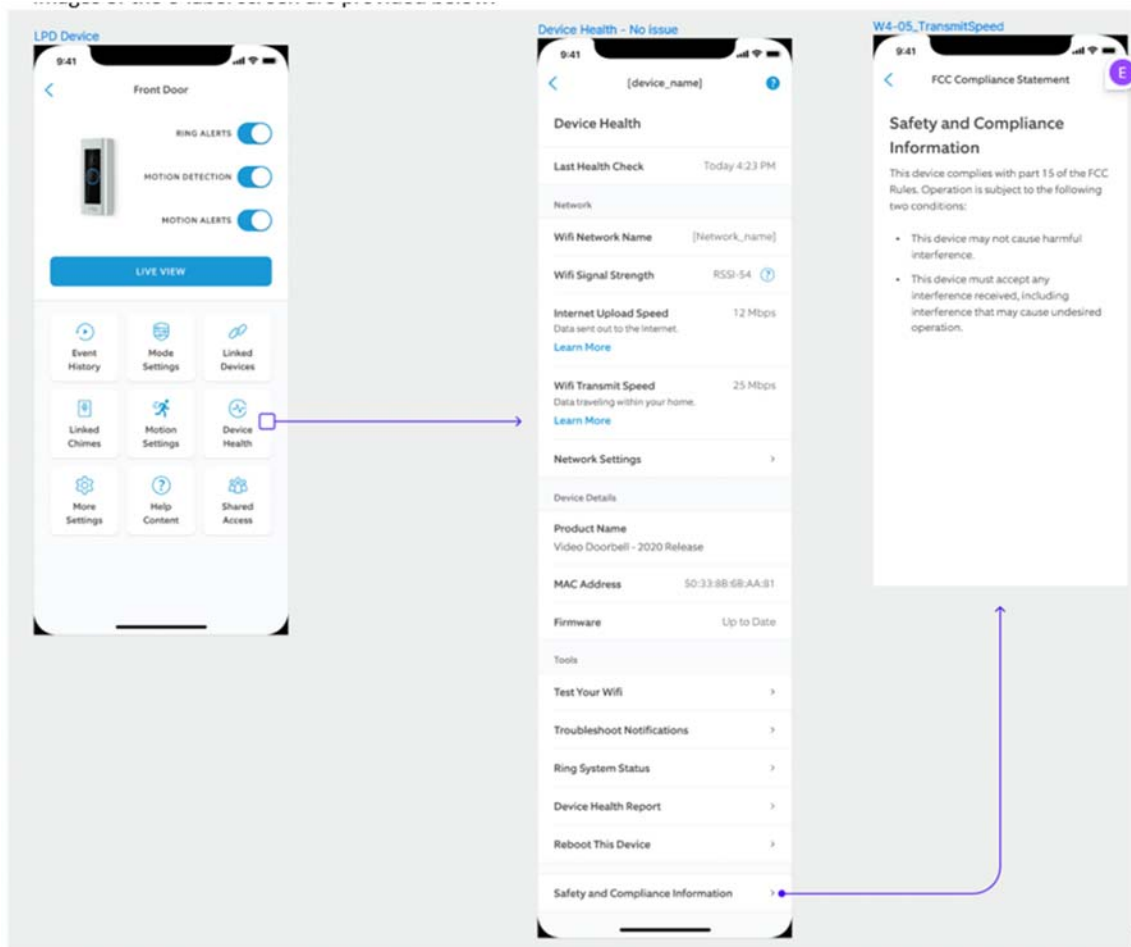

The devices do not require special code, accessories or supplemental plug-ins to access the information.

C. Readability of Regulatory Information

The displayed information is clear, legible, and does not require magnification. The e-label sample is shown below:

Ring LLC

12515 Cerise Ave Hawthorne, CA 90250, United States

D. Regulatory Information must be Secure

Both regulatory information and dedicated exclusive application(s) or script(s) are secured and implemented in a factory-set-unalterable format, ensuring that regulatory information is correctly displayed. The regulatory information is capable of being retrieved and displayed locally, and under the control of the end user in possession of the product. Regulatory information displayed on the e-label cannot be modified by the end user in any way.

E. Physical and Temporary label for Purchasing and Importation

The FCC part 15 statement is present on the WSL/product packaging.

F. Additional Considerations (Modular transmitters)

Device is not a modular device.
