FCC and IC label

Note: The Information menu is directly accessible from the device's menu / Parameters / without requiring access code or accessories.

Steps to reach Information Menu:

- From starting device's menu → Parameters menu → Information

This information menu cannot be modified by third-party or end-user.

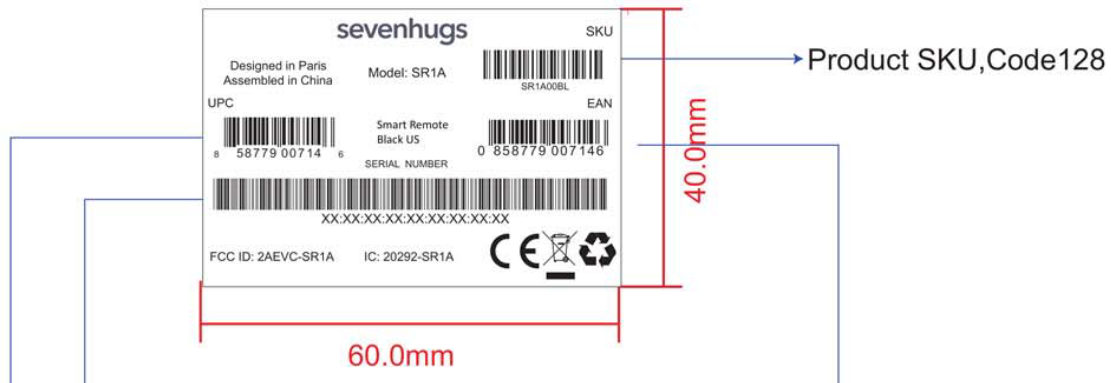

FCC only label

The diagram illustrates the relationship between a QR code, a label, and a redacted MAC address. On the left, a QR code is shown above a label containing the text: XX:XX:XX:XX:XX:XX:XX:XX, FCC ID: 2AEVC-SR1A, and IC: 20292-SR1A. A line connects the QR code to a redacted MAC address (XX:XX:XX:XX:XX:XX:XX:XX) shown in a red box. Another line connects the label to the same redacted MAC address. On the right, a similar QR code and label are shown, but the label text is partially obscured by a black box.

Attached to the Remote surface protective film .

Packaging label

Position

1pcs stick to the right of the gift box
