CONNECTING

1. Make sure Bluetooth® is enabled on your device.
 2. Press the Bluetooth® Button on the unit. You will hear a sound.
 3. On your device, select “SI MIRROR SPEAKER”. You will hear a sound to indicate a device is successfully paired.
 4. You are now ready to stream your favorite music!
- NOTE: Volume is controlled by both your device and the LED Vanity Mirror Speaker. Check both if the volume is too low.

SAFETY WARNINGS: PLEASE READ ALL SAFETY WARNINGS BEFORE USE

- Not intended for children under 14 years of age.
- Keep out of reach of children.
- Use this product only for its intended use. Do not use attachments of any kind.
- This item has no user serviceable components. Do not disassemble.
- Do not expose to extreme temperatures or moisture
- Keep away from sources of water
- Thoroughly inspect products before every use. If the product appears worn, frayed/splintered, cracked, or broken in any manner, discontinue use and discard immediately.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC RF Radiation Exposure Statement Caution: To maintain compliance with the FCC's RF exposure guidelines, place the product at least 20cm from nearby persons.
