Attention

- **Store the earphone with power off and in a dry environment.**

- Lagern Sie den Kopfhörer in ausgeschaltetem Zustand und an einem trockenen Ort.
- Храните наушники с отключенным питанием и в сухом месте.
- Guarde los auriculares apagados en un sitio sin humedad.
- Rangez le casque hors tension et dans un environnement sec.
- Riporre le Cuffie spente e in luogo asciutto.

- **If you don't use the earphone for a long period, charging the battery every 2 months for 1-2 hours.**

- Falls Sie den Kopfhörer für längere Zeit nicht benutzen, laden Sie die Batterie alle 2 Monate für 1-2 Stunden.
- Если вы не используете наушники в течение длительного периода, заряжайте аккумулятор каждые 2 месяца в течение 1-2 часов.
- Si no va a utilizar los auriculares durante un periodo largo de tiempo, cargue la batería cada dos meses entre 1 y 2 horas.
- Si vous n'utilisez pas le casque pendant une longue période, charger la batterie tous les 2 mois pendant 1 à 2 heures.
- Se non si usano le cuffie per un lungo periodo di tempo, ricaricare la batteria ogni 2 mesi per 1-2 ore.

- **Please don't twist or bend the earphone. This may cause permanent deformation.**

- Bitte verdrehen oder biegen Sie den Kopfhörer nicht Dies kann ihn dauerhaft beschädigen.
- Пожалуйста, не сгибайте и не сдавливайте наушники.
- No retuerza ni doble los auriculares ya que puede dar lugar a una deformación irreparable.
- Veuillez ne pas tordre ou plier les écouteurs. Cela peut provoquer une déformation permanente.
- Non piegare o torcere le cuffie. La deformazione potrebbe risultare permanente.

Specifications

FCC STATEMENT

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.
