 - LAN port to connect wired devices
- USB 3.0 Port (on front of unit)**
 - High-speed USB port for USB memory devices. Use the motosync app to enable network sharing of a compatible USB drive. For the latest list of compatible drive formats, visit motorolanetwork.com/r14

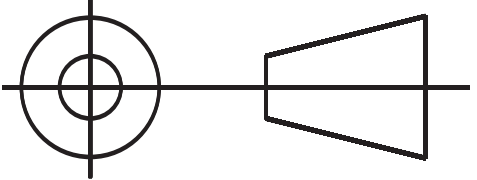

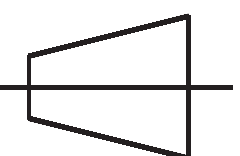

PLACEMENT TIPS

We recommend placing your router near the center of the desired WiFi coverage area. If you add extenders, evenly space them throughout your home. Visit motorolanetwork.com/mesh for a list of compatible extenders. See the example below.

Avoid placement near large electronics like TVs and microwaves

Choose an elevated, uncovered location
