Warranty Terms & Conditions NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.	FAQ/Trouble shooting Q : I have established connection with my smartphone, but I am not hearing any sound? A: Please make sure that you turn up the volume of both devices. Some smartphone requires you to setup the wireless headset as an audio output device before sound is transmitted. Please see the instruction of your smartphone for details. If you are using a music player or other wireless device, please make it supports A2DP stereo music profile. Q : Why the connection is not stable and cuts out intermittently? A : Please make sure there are no objects between the headset and you wireless device; please make sure there is no radio or WIFI interference nearby. Q : Can I use the headset while it is charging? A : NO , you cannot use the headset while it is charging. Q : The headset is not responding no matter what I do. A : Please try to reset the headset, (see the "reset" section) Q : The sound is not very clear/ the caller cannot hear my voice clearly. A : Please adjust the volume on you phone and headset. Make sure there is no source of interference nearby. Stay close to your smartphone.	Tips 1 . Before using the headset, please read the manual carefully and keep it for future references. 2 . The headset needs to be fully charged prior to first-time use. 3 . If the headset is left unused for over two weeks, please recharge it periodically. 4 . Use only chargers made by qualified manufacturer. 5 . If the headset cannot be searched by your phone, please check whether it is in pairing mode; if left unconnected for a long while, the headset will exit pairing mode, please re-enter the mode; if a procedure error of your phone occurs, reboot it; if a procedure error of the headset occurs, reboot or reset it. 1. Never disassemble or modify your headset for any reasons to avoid any damages and danger. 2. Do not use this headset during a thunderstorm to avoid irregular function and increased risk of electric shock. 3. Do not use harsh chemicals or strong detergents to clean the headset. 4. Keep the headset dry.
