Columbia, MD 21046

Dear Sir or Madam:

The RF chip AR6302 installed in our product Energy Communication Unit (model name: ECU-R, ECU-B,LCU, FCC ID: 2AFGRECUR), the chip supports both WiFi and Bluetooth, but only the WiFi function is used, while the Bluetooth function is not used.

Please contact me if there is need for any additional clarification or information.

Best Regards,

Sincerely Yours,

Signature:

A handwritten signature in black ink, appearing to read "Guofeng Jiang".
