

Declaration for CH12 and CH13

For FCC ID: 2AFIB-YCS1B18 & IC: 20436-YCS1B18

Here we, Shanghai Xiaoyi Technology Co., Ltd., confirmed that, the device which intended in this letter do not support CH12 and CH13, Chanel list as below:

| Tested mode, channel, and data rate information |                               |             |                    |
|-------------------------------------------------|-------------------------------|-------------|--------------------|
| Mode                                            | data rate<br>(Mbps)(see Note) | Channel     | Frequency<br>(MHz) |
| IEEE 802.11b                                    | 1                             | Low :CH1    | 2412               |
|                                                 | 1                             | Middle: CH6 | 2437               |
|                                                 | 1                             | High: CH11  | 2462               |
| IEEE 802.11g                                    | 6                             | Low :CH1    | 2412               |
|                                                 | 6                             | Middle: CH6 | 2437               |
|                                                 | 6                             | High: CH11  | 2462               |
| IEEE 802.11n HT20                               | MCS0                          | Low :CH1    | 2412               |
|                                                 | MCS0                          | Middle: CH6 | 2437               |
|                                                 | MCS0                          | High: CH11  | 2462               |
| IEEE 802.11n HT40                               | MCS0                          | Low :CH3    | 2422               |
|                                                 | MCS0                          | Middle: CH6 | 2437               |
|                                                 | MCS0                          | High: CH9   | 2452               |
