

Let's get started.

GL·iNet

Collie
Industrial 4G LTE Gateway (GL-X300BRC4)

SETTING UP

1

Insert Cards & Power On

When powered up, your router will broadcast a Wi-Fi signal with the SSID: **GL-X300B-xxx**.

⚠ Hot plug for standard SIM card is not supported for this router.

2

Connect via Wi-Fi

Connect to the 2GHz Wi-Fi called **GL-X300B-xxx**, and input the default Wi-Fi password **goodlife**, which is also printed on the bottom of the router.

Wi-Fi	☐
✓ GL-X300B-xxx	☒

Search the SSID and connect to it

Password	••••••••
----------	----------

Default password is **goodlife**

Connect via LAN

Technical Supports

- For more detailed and updated instructions, please visit our website docs.gl-inet.com
- For further questions, you can get help from the following ways:
 - Email to support@gl-inet.com
 - Message us on our Facebook: [facebook.com/gl.inet.wifi/](https://www.facebook.com/gl.inet.wifi/)
 - Post questions in our forum: [forum.gl-inet.com](https://www.forum.gl-inet.com)
 - Ask professionals in other forums e.g. OpenWrt, LEDE or other professional websites

WARRANTY

- We provide **one year limited warranty** for routers and **3-month limited warranty** for accessories.
- Extra warranty may apply according to the local law in which the product purchase took place.
- Highly recommend using the included **12V/1A** power adapter.
- Any damage to the router caused by not following the instructions will render this warranty null and void.
- Any damage to the router caused by modifying the PCBA, components or case will render this warranty null and void.
- Issues caused by the use of third-party firmware may not get official support from us.
- Any damage to the router caused by inappropriate use, e.g. inappropriate voltage input, high temperature, dropping in the water or on the ground will render this warranty null and void.
- Pictures on the instructions are only for reference. We reserve the right to change or modify these materials without further notice.

FCC ID:2AFIW-X3008RC4

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) This device may not cause harmful interference, and
 - (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
3. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help important announcement.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED compliance statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device must accept any interference, including interference that may cause undesired operation of the device.
- (2) L'émission/réception de licence contenue dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) L'appareil ne doit pas produire de brouillage;

(2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radiation Exposure statement

This equipment complies with FCC/IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body.

Cet équipement est conforme aux limites d'exposition aux radiations FCC/IC CNR-102 établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

This radio transmitter [23019-X3008RC4] has been approved by Innovation, Science and Economic Development Canada to operate with the antenna types listed below, with the maximum permissible gain indicated. Antenna types not included in this list that have a gain greater than the maximum gain indicated for any type listed are strictly prohibited for use with this device.

Le présent émetteur radio [23019-X3008RC4] a été approuvé par Innovation, Sciences et Développement économique Canada pour fonctionner avec les types d'antenne énumérés ci-dessous et ayant un gain admissible maximal. Les types d'antenne non inclus dans cette liste, et dont le gain est supérieur au gain maximal indiqué pour tout type figurant sur la liste, sont strictement interdits pour l'exploitation de l'émetteur.

Hereby, GL TECHNOLOGIES (HONG KONG) LIMITED declares that the radio equipment type [Industrial 4G LTE Gateway, GL-X3008RC4] is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: <https://www.gl-inet.com/products/certificate>

Caution:

This product uses WiFi 2.4GHz Operating Frequency is 2400~2483.5MHz/20dBm
