

Let's get started.

GL·iNet

Puli / GL-XE300C4, GL-XE300C6
4G LTE Wireless Router

SETTING UP

1 Insert Cards & Power On

When powered up, your GL-XE300 router will broadcast Wi-Fi signal with the SSID: **GL-XE300-xxx**.

! Hot plug for TF card and Nano SIM card are not supported for this router.

After inserting cards, turn on the router by pressing the power button

2 Connect via Wi-Fi

Connect to the Wi-Fi called **GL-XE300-xxx**, and input the default Wi-Fi password **goodlife**, which is also printed on the bottom of the router.

Wi-Fi	☐
✓ GL-XE300-xxx	☐
Search the SSID and connect to it	
Password	••••••••

Default password is **goodlife**

Connect via LAN

Plug the cable connecting to your computer into LAN port

3 Set up Router

Visit <http://192.168.8.1> in your browser to set up your router; start by choosing your preferred language.

- Pictures on the instructions are only for reference. We reserve the right to change or modify these materials without further notice.
- Keep your device within the recommended operating temperature (0°C to 40°C). Recommend storage temperature for your device is between -20°C to +45°C. Please note lower or higher temperatures may cause damage to the device.
- To avoid battery or device failure, do not remove or replace the non-removable battery.
- The device should shut down due to overheating (in the event the battery temperature exceeds 60°C).

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) This device may not cause harmful interference, and
 - (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
3. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help important announcement.

Radiation Exposure Statement

This device meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health. The SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types: GL-XE300C4 and GL-XE300C6 have also been tested against this SAR limit.

The Equipment named above is confirmed to comply with the requirements setout in the European Council Directive on the Approximation of the Laws of the Member States relating to RED (2014/53/EU). The equipment passed the test which was performed according to the following European standards:
EN 301 489-1 V2.2.3 ; EN 301 489-17 V3.2.2; EN 301 489-52 V1.1.0
EN 300 328 V2.2.2; EN 301 511 V12.5.1;
EN 301 908-1 V11.1.1; EN 301 908-2 V11.1.2; EN 301 908-13 V11.1.2;
EN50566:20178 EN62209-2:2010; EN62368-1:2014+A11:2017
This product uses WiFi 2.4GHz Operating Frequency is 2400~2483.5MHz;
The Product comply with Directive 2011/65/EU and its amendment directive 2015/863/EU (RoHS2.0)
