

NOTES

1. Use 1mm top and bottom margin. Use 2mm left and right margin
2. Part numbers are fixed for each unit
3. Serial Number has format 51XXXXXX, where XXXXXX is a 6-digit sequential number
4. Product Version has format Vx, e.g. V1. Use version as in artwork above.
5. Supplier Code has format MM as defined by MiX Telematics, e.g. AB
6. Date Code has format WW YY, where WW is the week number, and YY the year of manufacture
7. Apply label to the recess in the bottom (flat) surface of the housing, so that the left edge of the label is closest to the housing lid.
