1. GRANT OF LICENSE.

LeEco grants you a limited non-exclusive license to install, use, access, display and run one copy of the LeEco Software on a single LeEco Device, local hard disk(s) or other permanent storage media of one computer, and you may not make LeEco Software available over a network where it could be used by multiple computers at the same time. You may make one copy of the LeEco Software in machine readable form for backup purposes only; provided that the backup copy must include all copyright or other proprietary notices contained on the original. Certain items of the LeEco Software may be subject to open source licenses. The open source license provisions may override some of the terms of this EULA. We make the applicable open source licenses available to you if you so request.
